## EUROPEAN GREEN DEAL - EXTERNAL DIMENSION

### Technical assistance in support of programming and implementation

#### Horizontal support to greening EU cooperation

- Environment and climate change mainstreaming

M: Bernard Crabbé  
EUROPEAID-C2-MAINSTREAMING@ec.europa.eu

Greening EU COOPERATION

#### Services provided:

The offer of services varies from facility to facility and includes desk support, help desk functions, technical backstopping, short-term technical assistance and in-country missions in the following areas:

**Short-term technical assistance,** including through country missions in support of programming, identification, formulation, implementation, monitoring and evaluation and financial tracking of EU cooperation.

**Capacity building, and know-how development and sharing:** tailor-made trainings and other activities to develop and share know-how.

**Quality support, technical backstopping and quality reviews.**

**Awareness raising and information sharing:** communicate, engage with stakeholders, exchange good practices.

**Support to policy dialogue and programme coordination:** including the development of investment proposals and pipelines of quality investment projects.

**Development of tools and methodological support** for the implementation of adequate procedures, tools and products (studies, action documents, guidelines, sector notes).
