EUROPEAN GREEN DEAL - EXTERNAL DIMENSION

Technical assistance in support of programming and implementation

Services provided:

Short-term technical assistance, including through country missions

Capacity building, and know-how development and sharing

Quality support, technical backstopping and quality reviews

Awareness raising and information sharing

Support to policy dialogue and programme coordination

Development of tools and methodological support

- 1. Technical support (in-country, remote):
 - **formulation**: Action Documents (8 in 2019)
 - **Implementation:** short ad-hoc assignments (MRV, NDCs)
 - **Programming:** additional expertise mobilised
- 2. Global and Regional policy dialogue
- 3. Communication and Knowledge Management
- 4. Training and Capacity building; see website:

Training material for 8 modules on Climate Change (2020)

CLIMATE SUPPORT FACILITY

Priority Areas:

Climate change mainstreaming in policies, plans, programmes, projects

Implementation of the Paris
Agreement
(focus on NDCs)

Promoting successful adaptation and mitigation practices

Initiatives that integrate the climate change and sustainable development agendas

➤ Short-term technical assistance and capacity development services:

Feasibility
Studies, project
identification of
formulation,
technical advise

Determination of funding requirements and resource mobilisation Policy
development,
Knowledge
management

The EU Global Technical Assistance for the Sustainal Energy

STOCKTAKING MISSIONS

- Energy Sector analysis: policies, strategies and regulations, on-going reform programmes, gap analysis
- Partners identification
- Establishing intervention priorities
- Existing / planned investments
- TA proposals / Action plan for achieving SDG7

SUPPORT FOR INVESTMENT

- Support to stakeholders directly involved in project preparation, financing and contracting
- Assistance to the mobilisation of funds, facilitation of partnerships and catalysing transactions
- Boosting private sector engagement, innovative financial mechanisms

COMMUNICATION VISIBILITY

- Visibility and communication material (brochures, posters, audio-visual content, press release, newsletter)
- Participation in events, support for advocacy initiatives

ENABLING ENVIRONMENT FOR INVESTMENT

- Sector governance
- Energy access, renewable energy and energy efficiency strategies and policies
- Reforms implementation
- Strategies and masterplans
- Project preparation (feasibility study)
- Capacity building and training
- Support in Preprogramming/Action Documents

KM & DISSEMINATION

- Best practice dissemination, information sharing
- Knowledge products, webinars, workshops, seminars
- Sustainable Energy Global Learning Events

STRATEGIC PARTNERSHIP

Coordinate and manage strategic partnership with related initiatives

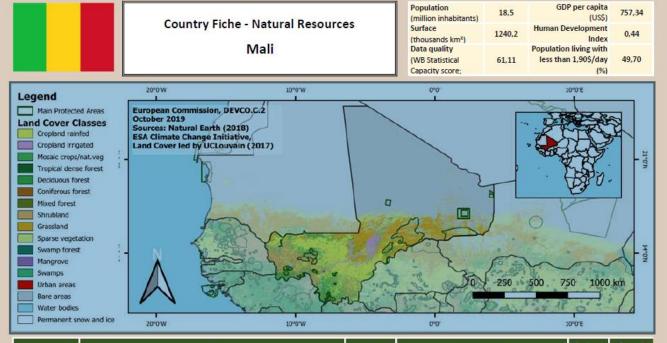

Highlights

- Energy Sector reforms completed and reinforced capacities (governance, planning and regulatory improvement)
- Mobilized investments in the Energy Sector
- Increased knowledge management, dissemination and cross-fertilization
- Reinforced partnerships.

Environment and Climate Week 2020

ND-GAIN Countr Index rank 166 Score: 33.6 Vulnerability 0.609 Readiness 0.281

The high vulnerability score and low readiness score of Mali places it in the upper-left quadrant of the ND-GAIN Matrix, It has both a great need for investment and innovations to improve readiness and a great urgency for action. Mali is the 9th most vulnerable country and the 39th least ready country.
