

# Sustainable Finance for an Inclusive Green Growth

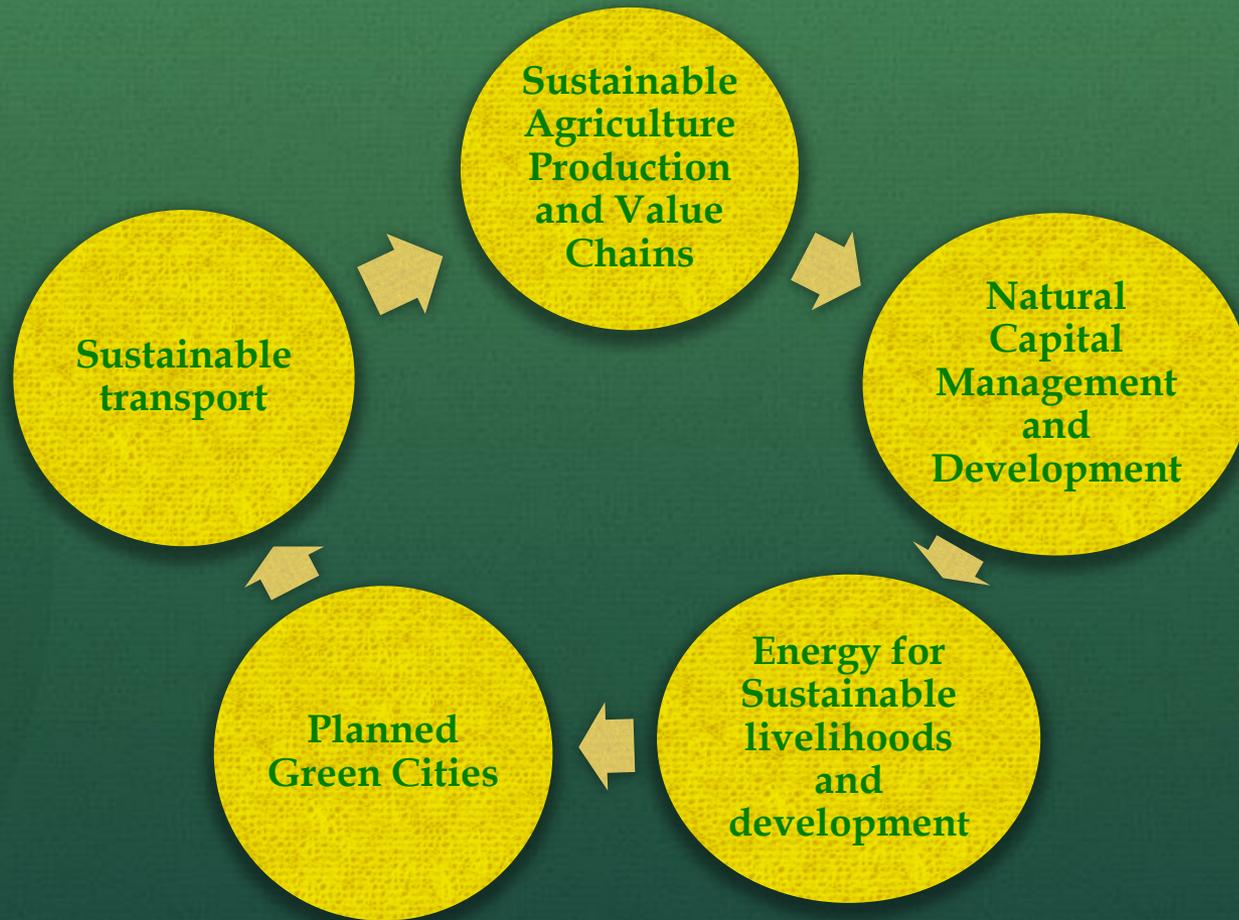

*the case of Uganda*

# The Policy Framework

## *The Uganda Green Growth Strategy*

2017-2030

# The EU Response: Inclusive Green Economy Focal Sector

Contribute to the Uganda Green Growth Strategy:

1. Sustainable Agriculture Production and Value Chains: *Switch Africa Green, Sustainable Value Chains, Climate Smart Agriculture, access to finance*
2. Natural Capital Management and Development: *wetland and water conservation*

# The EU Response: Inclusive Green Economy Focal Sector

3. Planned Green Cities: *improve urbanization in Kampala and secondary cities*

4. Sustainable Transport: *rehabilitation of railway line, support to improve marine transport in Victoria Lake*

5. Energy for Sustainable livelihoods and development: *promote renewable energies*

*How do we attract private sector investments?*

# Uganda Green Enterprise Finance Accelerator- *Adelphi*

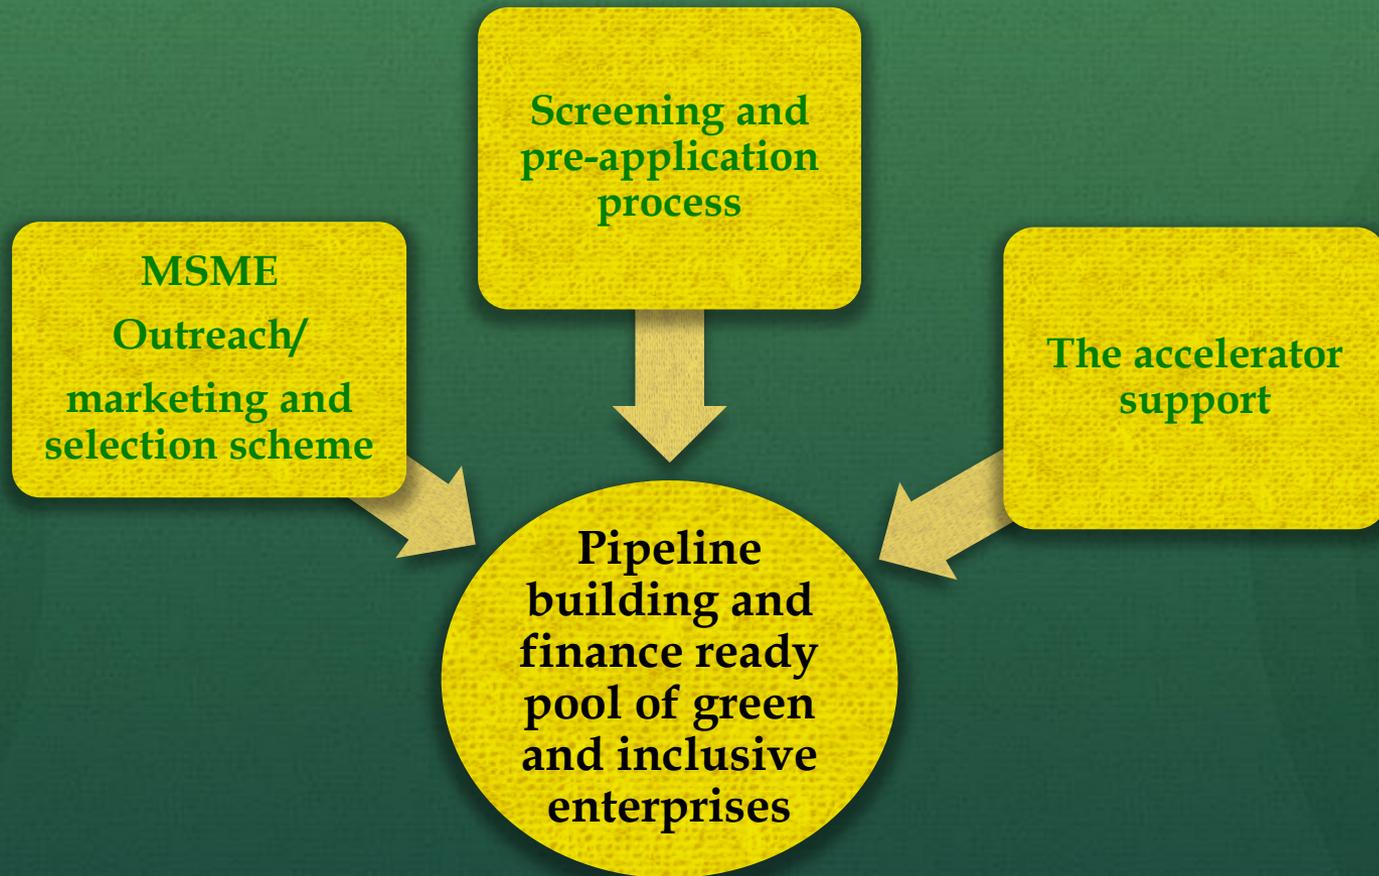

**Pipeline  
building and  
finance ready  
pool of green  
and inclusive  
enterprises**

**Building  
partnerships  
with local  
financial  
institutions**

**Access to  
Commercial  
debt finance  
and matching  
grants**

**Foster enabling  
conditions  
through  
innovative and  
and inclusive  
formats**

Learn and Share: Connect MSMEs and ecosystem stakeholders for peer learning and mutual support

The Green Finance Dialogue Platform

Develop case studies

# Agri-Invest Initiative in support to the Uganda Development Bank: *FAO* *Investment Center*

Enhance UDB  
capacities to  
identify,  
appraise, and  
finance viable,  
environment  
friendly/ SDG  
aligned  
agriculture  
investments

Make  
selected  
food value  
chains more  
attractive  
for UDB  
banking:  
policy  
dialogue  
and TA to  
VC actors

UDB as an  
engine to  
increase  
responsible  
private  
investment  
in  
agriculture  
and agri-  
businesses

# Agri-Invest Initiative in support to the Uganda Development Bank: *Examples of Activities*

Integrating SDG's considerations in due diligence processes and M&E

Training of UDB staff on tools to track environmental impact (EX-ACT that calculates the carbon balance of an agriculture project or GLEAM-I that calculates the carbon balance of a livestock project);

Innovations on way of operating: contracting of Fintechs and digitalization of UDB

Linking UDB up with DFIs operating in Green Finance

# Greening Uganda's Urbanization and Industrialisation - GGGI

# Greening Uganda's Urbanization and Industrialisation - *Examples of activities*

<b>Outcome 1: Green City Development is pursued and demonstrated in four (4) secondary Cities</b>	
Output 1.1	The National Building Code incorporates green building standards
Output 1.2	Green Growth is mainstreamed in the Masterplans for four (4) Secondary Cities.
Output 1.3	Infrastructure Investment Plans for four (4) Secondary City are finalized
Output 1.4	A knowledge and engagement platform established by Makerere University
<b>Outcome 2: Green Industrialization is pursued and demonstrated at four (4) locations.</b>	
Output 2.1	National Green Industrial Business Parks (IBP) and Free-Zones (FZ) Policy Guidelines are finalized
Output 2.2	National Low-Carbon Industrialization Strategy 2020-2040 is finalized
Output 2.3	Green Growth is mainstreamed in the Masterplans for four (4) selected IBPs and/or FZs
Output 2.4	Infrastructure Investment Plans for four (4) IBP and/or FZ is finalized including Emission Reduction potentials
<b>Outcome 3: Efficient and effective waste management is pursued and demonstrated</b>	
Output 3.1	GKMA Waste Management Strategy Developed
Output 3.2	Two waste sorting and diversion centers designed for the GKMA
Output 3.3	Organic Waste Valorization Opportunities identified including Fecal Sludge Value Chain Solutions in Urban Centers
Output 3.4	Investment opportunities for oil/petroleum waste and e-waste products identified
Output 3.5	Business Development Support for waste management value chain actors/SMEs is provided.
<b>Outcome 4: Green Growth integrated into the National Development Plan's planning and budgeting</b>	
Output 4.1	The Uganda Green Growth Development Strategy (UGGDS) communication strategy implemented.
Output 4.2	A "Green Growth integration and tracking in planning and budgeting" checklist developed.
<b>Activity 5.1</b>	
Activity 5.1	Project Management
Activity 5.2	Project Communication and dissemination
Activity 5.3	South-South Knowledge-Exchange

# Thank you!
