

# Covid-19 Response of the ICR Facility

03.12.2020

Implemented by

# Investment Climate Reform (ICR) Facility

<b>Funding</b>	EU, OACPS under the 11th EDF, together with BMZ and the British Council
<b>Objective</b>	Support the countries and regional institutions in Africa, Caribbean and Pacific countries in their public-private dialogue process to create a more conducive and sustainable investment climate.

## Technical assistance with up to 90 days for interventions:

➤ **Business Environment Reform**

➤ **Business Environment for Sustainability**

➤ **Public-Private Dialogue (PPD)**

## Requests must:

- aim at improving the business and investment climate in an ACP country
- be part of a wider strategy, reform process, or PPD mechanism
- involve a PPD component
- handed in by governmental organisations, business associations, development financial institutions (DFIs), and EU delegations in ACP countries

Implemented by

# Cushioning the Economic Effect of Covid-19: Webinar Series

- How can **Investment Promotion Agencies** in ACP States adjust their offer?
- The use of **guarantee instruments** by Development Finance Institutions in response to the Covid-19
- Responses to the COVID-19 crisis: government policy, **impact businesses** and the social economy
- Reforming the **investment climate** to respond to the COVID-19 crisis in ACP States
- Assessing economic impacts of COVID-19 through **input-output modelling tools**
- Inclusive **impact investing** and social finance during the COVID-19 crisis and beyond
- **Food supply disruptions** in times of COVID-19: how can ACP States react?
- Improving the investment climate through **gender sensitive reforms** in times of COVID-19
- How can SME resilience and adaptivity be strengthened through **Business Continuity Management** in light of COVID-19?
