What's New

1 What is the product code number for my product in the European classification of goods?

First, you need to know the specific code your product has in the European classification of goods. You just have to click on "input form". Browsing the database you can find that Kashmir wool is classified under the code: 510211

2 What requirements have to be fulfilled for my product to be imported to the EU? Which taxes apply?

Now, you need to know which conditions your product should fulfil to enter the European market. What are the rules of labelling for textiles? Which certificates are needed? And also, what are the VAT rates applicable to Kashmir wool in France? You will find all this information in the "Requirements and Taxes" section.

3 What is the duty applicable to my product? Does my case benefit from a preferential trade arrangement?

In the "Import Tariffs" section, you can find that exports of Kashmir wool from Mongolia benefit from an import tariff of 0%. That means there will be no import tariff to pay for you.

4 How can I obtain detailed statistics about trade flows?

In the "Trade Statistics" section you will see that last year the EU imported € 33 271.010.000 worth of Kashmir wool from Mongolia. The largest import market in the EU for this product was Italy. Interested in cracking other EU market?

5 How can I find EU partners?

By consulting the "Links" section, you will find lists of EU customs authorities, EU Chambers of Commerce, trade and professional associations as well as links to business-to-business platforms.
