Registration is now open! To participate to the online series of **EU GCCA+ Workshops on Climate Change** from 22 April to 6 May, please register now using the links below.

These workshops on "**Programming effective climate action**" will be an opportunity to exchange on how the EU cooperation supports resilience-building and emissions reduction across 5 of the world regions, and inspire creative, integrated climate actions in the future.

They are structured around 3 main sessions: Climate Smart Agriculture (CSA), Coastal Zone Management (CZM), Sustainable Cities and an overarching approach to Carbon Markets.
