

Welcome to the new Info Letter from DeSIRA and its service partner DeSIRA-LIFT

We are very pleased to provide this quarterly newsletter, news, advice and knowledge from the DeSIRA initiative, enabling the CGIAR system, the Info Letter is brought to you by DeSIRA-LIFT. We will give a helping hand!

Update of the Global Monitoring and Evaluation Framework of the DeSIRA Initiative

Background: CGIAR's Global Monitoring and Evaluation Framework (GMEF) provides a common framework for the DeSIRA initiative's evaluation work.

The Global Monitoring and Evaluation (M&E) Framework of the DeSIRA initiative was developed in 2020. It includes the monitoring and reporting of the DeSIRA initiative's global level, in order to determine the extent to which the overarching DeSIRA objectives and being achieved. It contributes to reporting and contracting to the interactive to agricultural research and innovation. The Global M&E Framework includes a global level of framework and the key global DeSIRA initiative objectives. A presentation of the Global M&E Framework was held on 2 February 2023 for stakeholders.

In 2022, 20 projects from the 2016 decision, all signed in 2019 and 2020 and having at least two years of implementation, were included in the first round of data collection for the Global M&E Framework in 2022. The framework will be updated with information from projects signed in 2019, 2020 and 2021. Additionally, a technical workshop was held on 17-18 February 2022, to update the framework and to discuss the implementation of the data collection in 2022. We will conduct the second round of data collection. To this end, a colleague from DeSIRA will meet with the 20 DeSIRA initiative and projects with a view to collect the latest annual reports and to organize a two-hour meeting with project management team.

Experience from DeSIRA Projects on Innovating in Unpredictable Situations

In February 2023, DeSIRA-LIFT hosted a webinar titled "Innovating in Unpredictable Situations: Narratives, Contexts and Identifying Opportunities for DeSIRA Projects". The webinar aimed to identify the challenges that DeSIRA projects face while operating in unpredictable and complex environments. By discussing these challenges, the webinar sought to help participants identify new innovative measures to adjust to their innovation strategies.
