

Programme Context

Guinea Bissau,
Promoting economic and social
development through cultural
actions.

EU support to democracy, human rights, freedom of expression, civil society strengthening, and inclusive growth through cultural actors

21st February 2014

**Biodiversity: flore and fauna
+ the biosphere in the
Bijagos archipelago**

**Cultural expressions:
Carnival, fabrics**

**Big potential for
cultural heritage**

**Heritage considered
according to
UNESCO definition
of culture:**

**tangible and
untangible goods**

**The natural and traditional
products → food security**

**History: slavery, indipendence
war, colonisation**

Support economic and social development by promoting cultural heritage

- In Guinea bissau in the past 5/6 years we have used the national **call for proposals NSA**

- Objective:

Reducing poverty by promoting cultural heritage as an instrument for development

- **Involving NSA: strengthen CSOs**
- **Contribute to economic development, new employment creation, environment and cultural heritage protections**

Our experience: Why using the call for proposals NSA?
