German Position on post-2015 Agenda

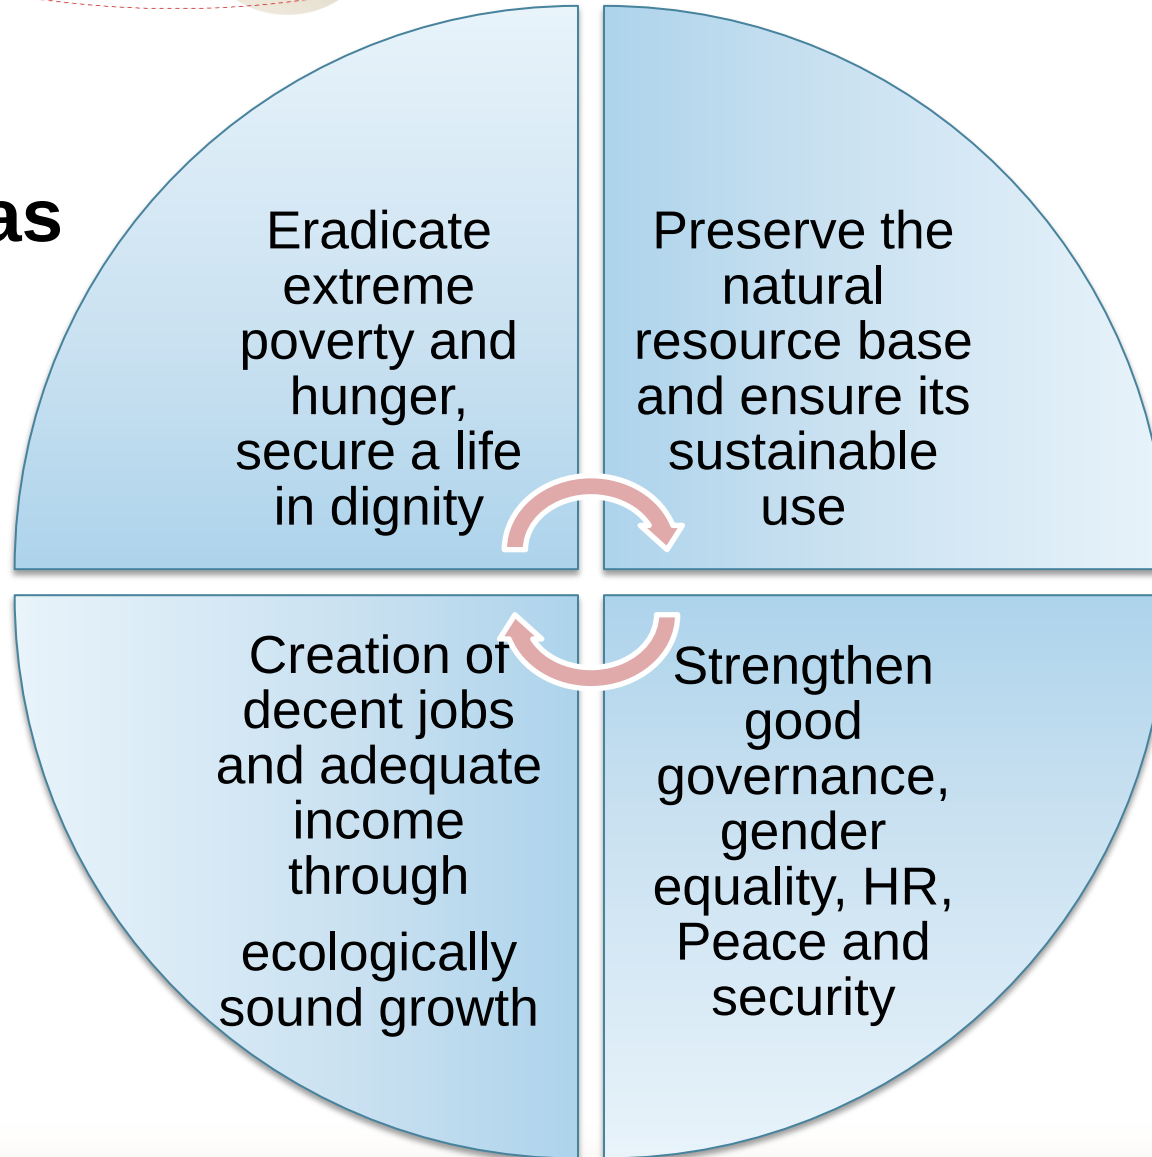

Global Partnership:

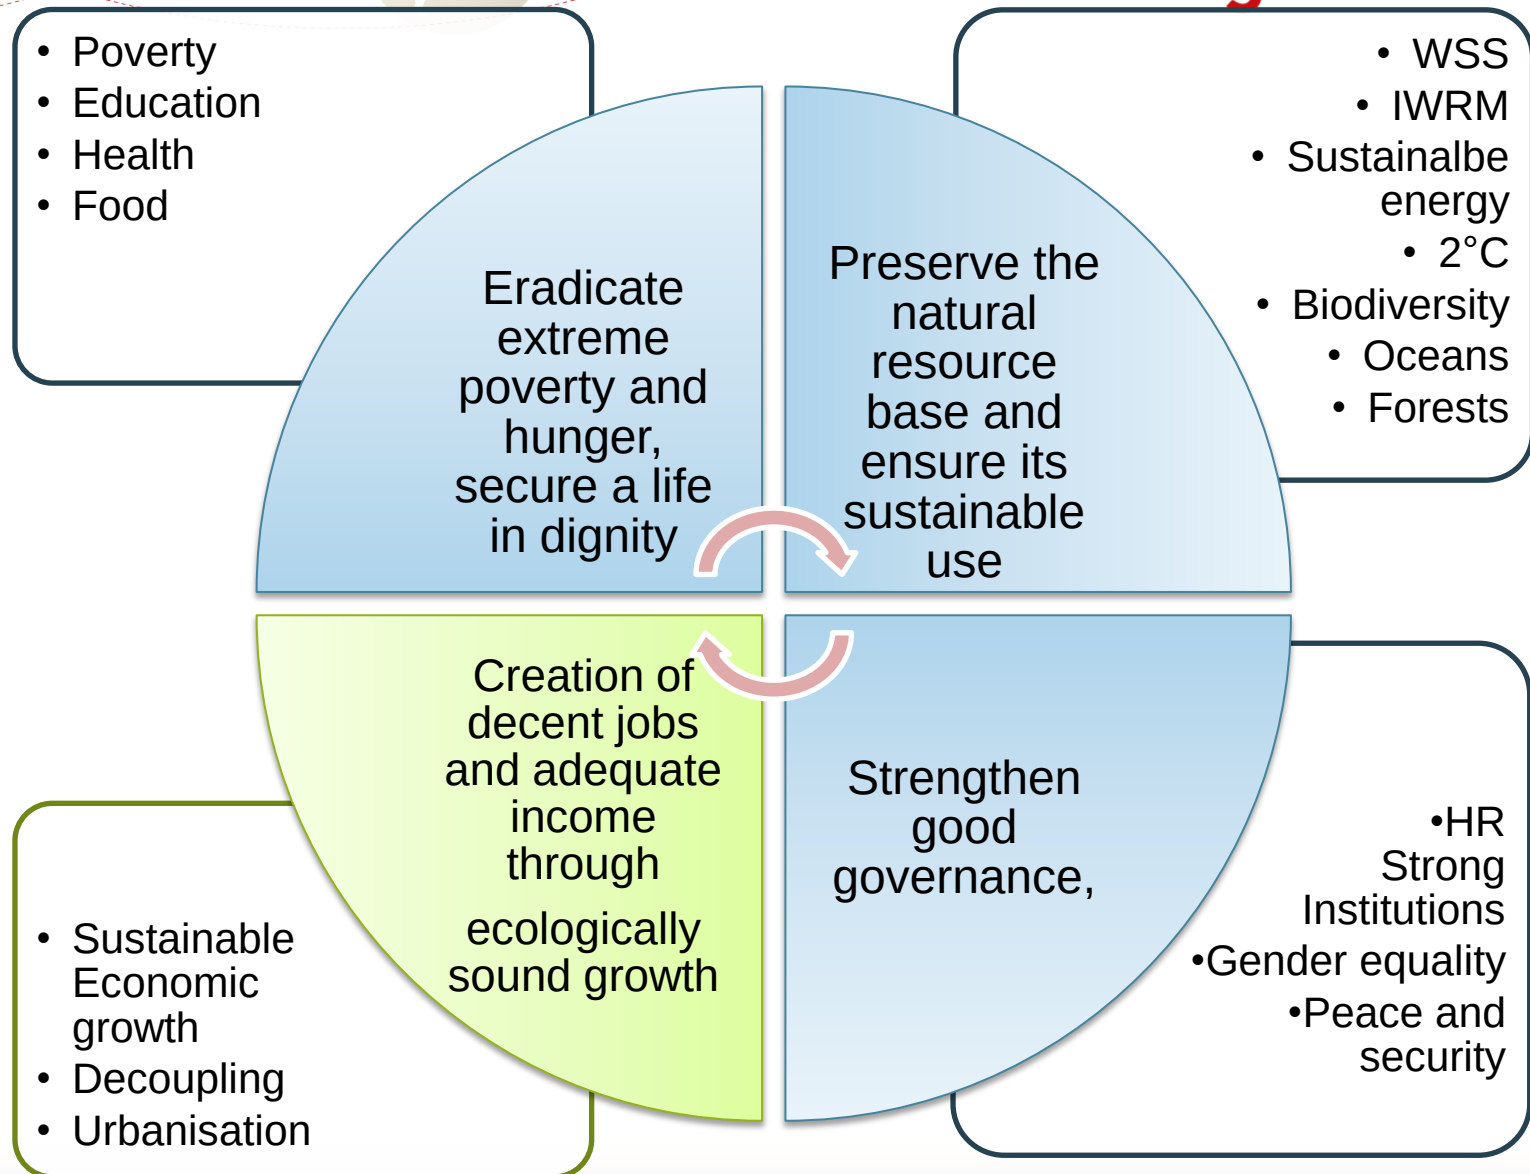

- renewed and strengthened;
- overarching framework of the agenda
- Paradigm shift to overcome donor vs. recipient / North/South mind-set
- common responsibility for global sustainable development

„**Shared responsibility** for global wellbeing
through the protection of global public goods“

Strategic focal areas

Achieve the creation of decent jobs and adequate income through ecologically sound growth

- **Make economic growth sustainable**
 - Decoupling, circular economy, resource efficiency, internalize environmental external costs, phase out environm. Harmful subsidies, value eco-system services and integrate the accounting systems
- **Create decent jobs and create a global enabling economic environment**
 - Decent work, multilateral trading system, corporate social responsibility,
- **Ensure that urbanisation is sustainable**
 - Secure and affordable built environment, resilience of cities, sustainable and integrated urban development plans, air pollution
