

# Overview of the Global Climate Change Alliance

Sebastian Gil

EuropeAid: Environment, Climate Change, Natural Resources

# The Global Climate Change Alliance (GCCA)

- 2007 **Policy Initiative** of the EU
- Objective: Help developing countries most vulnerable to climate change to **increase their capacities** to:
  - adapt to the effects of climate change
  - participate to global mitigation efforts
- Focus on **LDCs** and **SIDS**
- **290 million euros** (2008-2013) including funds from Republic of Cyprus, Ireland, Czech Republic, Republic of Estonia and Kingdom of Sweden

# How does the GCCA work?

2 complementary pillars:

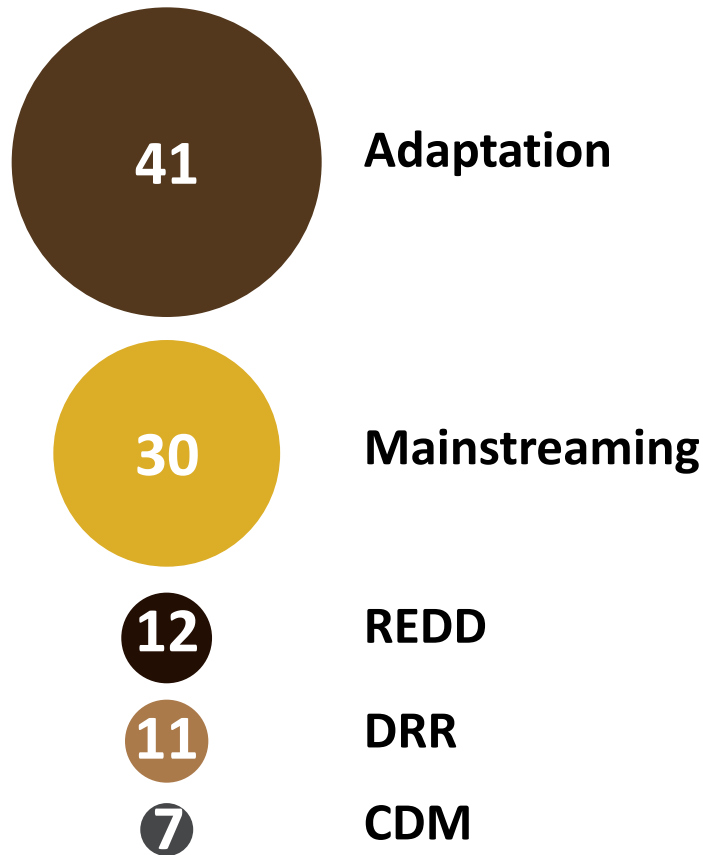

**Platform for  
dialogue and  
cooperation**

**Technical and  
financial  
support**

# GCCA priorities

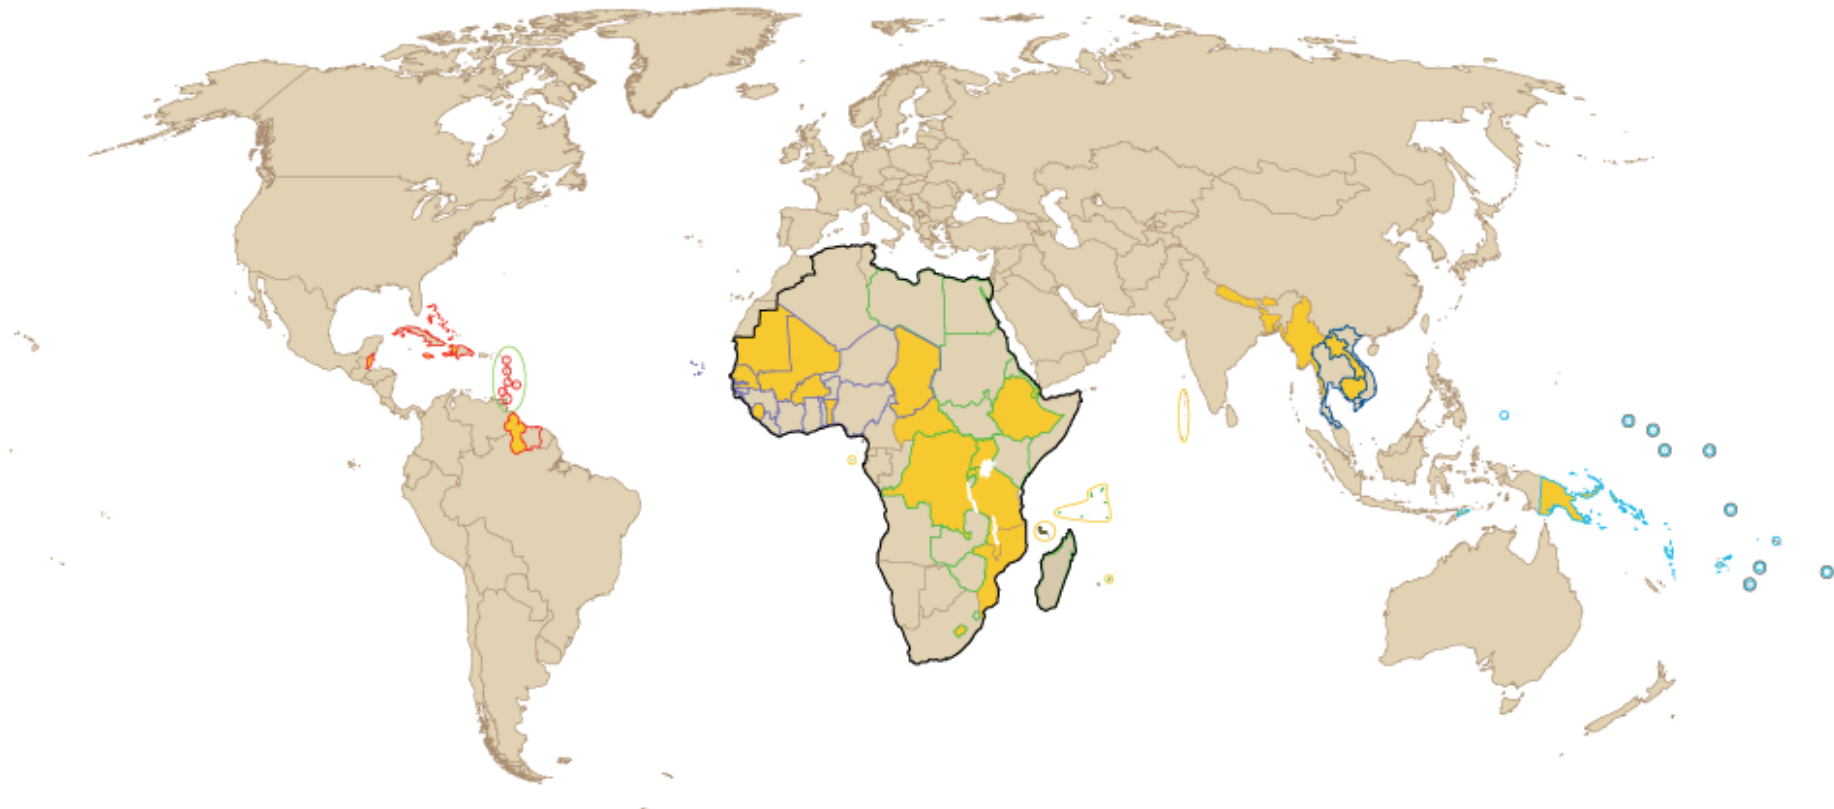

Distribution of priority areas supported by the GCCA to 2013  
(number of interventions)

Distribution of sectors supported by the GCCA to 2013  
(number of interventions)

# Where do we work?

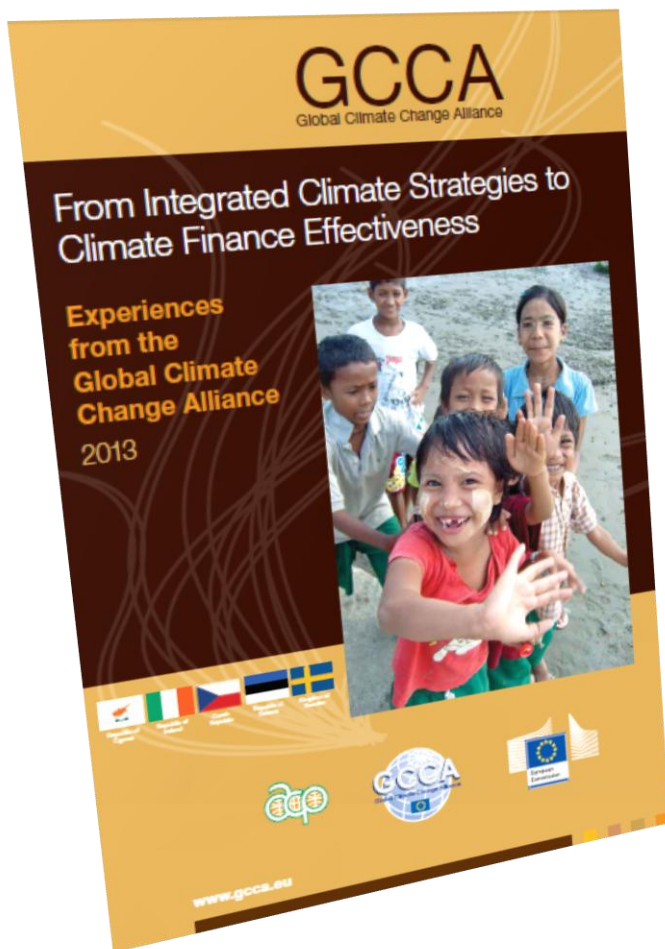

- **45 programmes:** 37 national + 8 regional programmes

# The GCCA + Flagship Initiative

- 2014- 2020 Global Public Goods and Challenges
- On the basis of countries' demand, more attention may be to:
  - Adaptation + DRR
  - Ecosystem based adaptation
  - Urbanisation, urban mobility, social affairs and employment
  - Migration
  - Gender
- Broader range of actors: local authorities, NSA and private sector

## GCCA News

June 2013

**Six New GCCA Interventions are Approved, with Nine More in Final Stages of Approval**

Last year, the European Commission committed €36.6 million for financing **six new GCCA interventions** in Burkina Faso, the Central African Republic, Lesotho, Papua New Guinea, Timor-Leste, as well as the Eastern Caribbean region. Now, under the 2013 action programme of the Thematic Programme for the Environment and the Sustainable Management of Natural Resources, including Energy, an additional nine programmes are in the final stages of approval.

[Read more](#)

**GCCA Sector Budget Support for Environment and Natural Resources in Rwanda comes to an end**

In Rwanda, GCCA funding has supported the implementation of an ambitious land registration programme, on the premise that if people are allowed ownership and security of tenure of land, they are more likely to invest in sustainable land management. This, in turn, will improve the resilience of the land to climate change. As GCCA support for this programme draws to a close, Peter Brinn from the Global Support Facility shares his insights on its operation and impact.

## On-Demand Technical Advice, Support and Training is Available

GCCA countries and ACP member states that may be looking for technical assistance are reminded that advice and training is on offer, through both the Global Support Facility and the intra-ACP component of the GCCA. [Read how you can access this assistance here.](#)
