**HTML**

\* Implementation of a project co-financed by ACP-EU Water Facility and DFID focusing on the implementation of WSS sector financing strategies. A country project was launched in Lesotho 2008 in partnership with OECD using the FEASIBLE methodology. A second country project is expected to be launched during 2009.

\* Working with EUWI AWG on country dialogue processes to engage with national governments.

\* Support to financial planning as part of the EUWI country dialogue with Ethiopia.

\* Providing support to the WSP in Africa to implement the Sector Wide Financing and Investment tool in Mozambique.

\* Providing support to OECD to apply FEASIBLE model in Moldova.

\* Co-financing a series of workshops on water sector finance together with GWP and their regional water partnerships in West Africa, Eastern Africa, EECCA and Central America.
