

# ARGENTINA - Digitalisation

#GLOBALGATEWAY

#TEAMEUROPE

## TEAM EUROPE PROPOSAL

### Reducing the digital divide

- Build digital skills for companies across sectors
- Contribute to the digitalisation of public sector services
- Support the creation of public-private partnerships for international digital connectivity infrastructures
- Support the creation of accessible and affordable broadband

### Increasing regulatory alignment

- Develop and maintain market openness
- Create a common space for secure, cross-border data flows
- Ensure interoperability
- Shape the next generation of internet
- Support convenient, competitive and secure Digital Finance

### Boosting scientific cooperation

- Share and conduct joint research

## MODALITIES/TOOLS

Association and trade agreements

Guarantees

Technical assistance/ cooperation

Best practices

Policy dialogue

Horizon Europe

Blending

Studies

Joint research programs

## KEY DELIVERABLES

### Scientific cooperation

1. Establishment of the Euro-Argentina academic alliance on scientific cooperation. Seek inclusion into the BELLA programme.
2. Provision to the Argentinian government with Technical Assistance to develop legislation, regulatory frameworks and policies.

### TRANSFORMATIONAL POTENTIAL Argentina's digital transformation by:

- Developing regulatory frameworks
- Removing barriers and decrease of costs for companies to enhance their digital trade
- Enhancing the digitalisation capacity of private sector in order to foster innovation

\*This Team Europe Initiative is work in progress

# ARGENTINA - Digitalisation

#GLOBALGATEWAY

#TEAMEUROPE

## NATIONAL CONTEXT

**Dynamic service industry but the development of digital trade is limited by a constraining regulatory framework**

### Policy context:

- EU-Argentina dialogue on digitalisation
- Agenda Digital Argentina
- Plan Industry 4.0

Efforts to enhance digital access for all (increase in internet users, mobile prescriptions)

## GEOPOLITICAL CONTEXT AND RELEVANT SDGs
