# EU DEAR Programme - Inception Seminar for grant recipients 2015

## 28<sup>th</sup> & 29<sup>th</sup> April 2015

---

### **Purpose:**

To enable new project grant recipients, during a two-day workshop style event:

1. to discuss challenges and ideas for managing (what are for DEAR) relatively large projects, involving multiple partners and multiple implementation locations, and to identify learning points and good practice principles from that discussion
2. to be informed of EC financial and activity/results reporting requirements
3. to raise and discuss questions regarding the implementation, further development and changes that may be required during implementation of the relevant DEAR projects
4. to increase beneficiaries' networking - also with their EC task managers - strengthening future NSA-LA partnerships – and strengthening communication, transparency and reporting of EC DEAR projects
5. to support improved visibility of the EU and communication on the EYD 2015

### **Format**

The seminar will offer work in groups as well as plenary presentations and discussions to raise and, where possible, resolve issues to assist good practice in project implementation, monitoring and reporting.
