Regional - Southern Neighbourhood - Medusa cable
Medusa submarine optical fibre cable in the Mediterranean will connect Northern African countries with European countries to increase the speed of internet in Northern Africa universities.

Morocco
- Extension of 37 km of the tramway network in the Rabat-Sale-Tensift-El Haouz agglomeration
- Construction of hydrogen power plant
- Production of methanol for green shipping

Mauritania
- Construction of data centre in Nouakchott and submarine cable

Senegal
- Construction of Bus Rapid Transit system in Dakar
- Development of Dakar Bus Public Transport Network

Gambia
- Expansion & rehabilitation of Port of Banjul

Cape Verde
- Construction of Pump and Storage Facility in Santiago island

Guinea Bissau
- Rehabilitation of the road Bissau / Safim – Sao Domingos – Mpack - Senegalese border – 115 km

Côte d’Ivoire
- Development of solar power plant in Boundiali, Serebou and Kissou
- Extension, reinforcement and upgrading of networks

Benin
- Rehabilitation Allada-Dassa road
- Upgrade of large-scale solar power plant and photovoltaic mini-grids by the West African Power Pool (WAPP)

Niger
- Construction of hybrid and solar power plants and extension of the energy network:
  - photovoltaic power plant Gorou Banda (30 MW)
  - hybrid photovoltaic plant in Agades (19 MW)
  - North backbone of the Nigeria – Niger – Benin – Burkina Faso Interconnection (330 kV)

Tunisia
- Construction of a first undersea high-voltage electricity cable interconnection (ELMED) between Italy and Tunisia

Democratic Republic of Congo
- Strategic partnership on critical raw materials being explored

Regional - Central and Eastern Africa - Renewables
Construction of Ruzizi III hydropower plant for DRC, Rwanda and Burundi.

Egypt
- Construction of a high-voltage undersea electrical interconnection between Egypt and Greece
- Modernisation of the Alexandria Area Control Centre
- Production of Methanol for green shipping

Kenya
- Construction of Bus Rapid Transit system in Nairobi
- Construction of optic fibre infrastructure and last mile connections

Djibouti
- Doubling the capacity of the desalination plant, construction of a solar energy plant
- Djibouti airport development project

Regional - Sub-Saharan Africa – Health
Manufacturing and access to vaccines, medicines and health technology products in Senegal, Rwanda, Ghana and South Africa.

Namibia
- Construction of 85 MW solar PV plant combined with electrolysers
- Implementation of partnership on raw materials value chains and renewable hydrogen

Burundi
- Improving access to electricity in Bujumbura

Madagascar
- 320 MW increase of renewable energy production with various subprojects

Tanzania
- Construction of Kakono Hydropower Plant

Regional - Sub-Saharan Africa – Data Governance
Development of data policy frameworks and data use cases, as well as identification of investments in green and secure data infrastructure.

Regional - Sub-Saharan Africa – NatuReAfrica

Regional - Sub-Saharan Africa – Education
Regional Teacher Programme.

Regional - Sub-Saharan Africa – Energy
- Improvement of the reliability and supply of the energy system
- Rehabilitation of the Kafr El Sheikh power plant
- Improvement of the reliability and supply of the energy system
- Rehabilitation of the Kariba Dam to minimise the risk of failure

South Africa
- Expansion of a biogas plant (Bio2Watt project) producing biogas from animal waste and other waste sources

Regional - Sub-Saharan Africa – Agriculture
- Agricultural modernisation for increased productivity and food security
- Creation of employment opportunities in the energy industry for youth in Cabo Delgado (pilot vocational training initiative + EMPREGO)

These outputs do not capture the whole of the Team Europe engagement in country. They capture concrete infrastructure investments under Global Gateway. They will be accompanied by soft measures in a 360° approach, so as to improve the policy, regulatory and business environment, develop skills, foster innovation and transfer technology.

The boundaries and names shown and the designations used on this map do not imply official endorsement or acceptance by the European Union. Final boundary between the Republic of Sudan and the Republic of South Sudan has not yet been determined.
