

EU-Africa flagship projects

#GlobalGateway #TeamEurope

December 2023

Regional - Africa

● Climate adaptation and resilience in Africa

Mobilisation of investments and insurance schemes and solutions for climate resilience in Africa

● Sustainable Aviation Fuels

Support the global development and use of sustainable aviation fuels

● Global Maritime Technology Cooperation Centres (phase 2)

Achieve the energy-efficiency and greenhouse-gas targets of the International Maritime Organization

Regional - Sub-Saharan Africa

● AfricaConnect4

Enhance Regional and National Research and Education Networks with high-speed digital connectivity, e-services, and data infrastructures for research and education, focusing on women's and girls' empowerment

● Africa-Europe Digital Regulators Partnership

Support the implementation of the Digital Transformation Strategy for Africa 2020-2030, and support to capacity building for electronic communications regulators for more affordable and quality connectivity and broadband mapping

● Data Governance

Development of data policy frameworks and data use cases, as well as identification of investments in green and secure data infrastructure

● NaturAfrica

Support biodiversity conservation and socio-economic development through integrated landscape approach across six terrestrial biomes (Congo Basin Forests, Transhumance Central Africa, West Africa Forests, Sudano Sahelian savannahs of West Africa, Eastern Rift savannahs, Southern Africa transfrontier conservation areas) and four coastal and marine areas (West Africa, Gulf of Guinea, Benguela current and Indian Ocean)

Regional - Southern Neighbourhood

● Medusa cable

Connect Northern Africa with European countries to increase the speed of internet, opens up digital economies, and provide high-speed interconnectivity for education and research networks

● Partnerships with private institutional investors on climate-smart solutions, digital transformation, and financial inclusion

● Energy Efficiency in Buildings

Support the transition to low-carbon, energy-efficient and climate resilient buildings and construction sectors through technical assistance and concessional loans

Regional - Central and Eastern Africa

● Construction of hydropower plant (Ruzizi III) for DRC, Rwanda and Burundi

Regional - Southern and Eastern Africa

● Construction of a 10,000 km regional fiber-optic backbone, directly connecting up to 3,000 schools, 1,500 hospitals, and 1,200 government institution across DRC, Zambia, Zimbabwe, Malawi, Mozambique

● Digital Health for Health Systems Strengthening and Universal Health Coverage

● Sexual and Reproductive Health and Rights in Sub-Saharan Africa

Improve access to quality Sexual and Reproductive Health commodities by enhancing supply chain management

● Manufacturing and access to vaccines, medicines and health technology products in Senegal, Rwanda, Ghana and South Africa

● Regional Teacher Programme

Support the development and implementation of policies, education and professional development for teachers in Africa

● Youth Mobility for Africa

Enhance learning, mobility, and higher education cooperation between Africa and the EU, promoting Africa as a study destination and youth empowerment

● Digital ● Climate and Energy ● Transport ● Health ● Education and Research

These outputs do not capture the whole of the Team Europe engagement in country. They capture concrete investments under Global Gateway. They will be accompanied by soft measures in a 360° approach, so as to improve the policy, regulatory and business environment, develop skills, foster innovation and transfer technology (i.e. the D4D Hub and its regional branches). North of Africa projects are implemented under the EU's Economic and Investment Plans agreed with the countries.

The boundaries and names shown and the designations used on this map do not imply official endorsement or acceptance by the EU. Source: European Commission – Eurostat/GISCO

EU-Africa flagship projects

EU-Africa flagship projects

Senegal

- Cleanup of Hann Bay (Dakar)
- Irrigation programme PARIIS, and rural development programme PADAER II
- Casamance project: upgrade and operation of the port of Ziguinchor
- Ndayane Port: construction of the new Ndayane Container Terminal
- Construction of Bus Rapid Transit system in Dakar
- Development of Dakar Bus Public Transport Network

Cape Verde

- Construction of Pump and Storage Facility in Santiago island
- Mindelo port expansion

Gambia

- Expansion & rehabilitation of Port of Banjul

Côte d'Ivoire

- Development of solar power plant in Boundiali, Serebou and Kossou
- Extension, reinforcement and upgrading of networks
- High voltage transmission line (backbone)

Ghana

- Solar power plant Kaleo
- Rehabilitation feeder and farm roads

Guinea Bissau

- Rehabilitation of the road Bissau / Safim - Sao Domingos - Mpack - Senegal border - 115 km

Mauritania

- Construction of data centre in Nouakchott and submarine cable
- Construction of 225 kV electricity line
- Construction of land-based and maritime/port infrastructures

Niger

- Construction of hybrid and solar power plants and extension of energy networks

Nigeria

- Support digitalisation: infrastructure upgrades, tech start-up support, digital skills training, and digital governance for privacy and cybersecurity
- Generation and evacuation infrastructure for on-grid renewable energy projects
- Construction of six small hydropower plants of a total of approximately 2MW
- Construction of about 150 small photovoltaic-hybrid mini-grids
- Provision of combi-tracks solar energy and horticulture
- Lagos Inland Water Transport construction and upgrading
- MAV+: local production of vaccines and medicines
- Rehabilitation and equipment of TVET training institutions in Benue, Plateau and Oyo States

Benin

- Upgrade of large-scale solar power plant and photovoltaic minigrids by the West African Power Pool (WAPP)
- Rehabilitation Allada-Dassa road
- Treatment plant for waste water in the west of Cotonou
- Renovation and construction of professional and technical schools

EU-Africa flagship projects

EU-Africa flagship projects

Uganda

- Rehabilitation of Nalubaale-Kiira Hydropower Plant (380MW)
- CRM Partnership Roadmap
- Building WASH facilities in schools

Rwanda

- Kigali Wholesale Market construction and development
- CRM Partnership Roadmap
- Manufacturing and Access to Vaccines, medicines & health technology products in Africa (Part of MAV+)

Burundi

- Improving access to electricity in Bujumbura

Zambia

- Rehabilitation of the Kariba Dam
- Construction of Zambia – Tanzania – Kenya (ZTK) Transmission Interconnector
- Kolwezi-Solwezi Power Interconnector Project
- CRM Partnership Roadmap
- Investment in Lobito Corridor infrastructure
- Early childhood development

Malawi

- Upgrade of the Eastern Backbone Power Transmission

Ethiopia

- Rehabilitation and modernisation of the national transmission grid
- Geothermal project TMGO
- Cool Port Addis

Madagascar

- Investing in mobile networks
- 320 MW increase of renewable energy production with various subprojects
- Talaky Be project: set-up of hydro-agricultural infrastructures, rehabilitation/building of rural roads and 3,300 hectares of irrigated perimeters
- Supporting Salama agency for central drug purchasing
- Improving the vocational and Technical Education system

Somalia

- Rehabilitation of irrigation infrastructure along the Shabelle and Juba rivers

Kenya

- Construction of optic fibre infrastructure and last mile connections
- Olkaria I & IV Uprating project
- Transfer of innovative Polish biogas technology to the agricultural sector
- Construction of Zambia – Tanzania – Kenya (ZTK) Transmission Interconnector
- Construction of Bus Rapid Transit system in Nairobi

Tanzania

- Investing in mobile networks
- CRM Partnership Roadmap
- Construction of Zambia – Tanzania – Kenya (ZTK) Transmission Interconnector
- Msimbazi Basin Development Project
- Gender Transformative Action: holistic gender support package including digital and green components

Mozambique

- Modernization of the optical network Construction of National Control
- Centre for Energy Infrastructure, power supply improvement
- Coastal Protection in Beira
- Modernisation and extension of two hydropower plants
- VaMoz Digital : investing on digital literacy and skills for youth
- Employment opportunities in the energy industry for youth in Cabo Delgado

EU-Africa flagship projects

Namibia

- Construction of 85 MW solar PV plant combined with electrolyzers
- Implementation of partnership on raw materials value chains and renewable hydrogen
- Financial platforms for green hydrogen

South Africa

- Implementation of Time Synchronization System to improve cybersecurity level of national Air Traffic and Navigation Service
- Just Energy Transition Partnership to accelerate the decarbonisation of the country's economy
- Expansion of a biogas plant (Bio2Watt project) producing biogas from animal waste and other waste sources
- Financial platforms for green hydrogen
