

## The initial mapping

Our participation in the YOU(th) CARE Project began with a mapping exercise. We filled out a **questionnaire** and participated in a **focus group meeting**, starting to deepen our knowledge of the CARE Approach

## The CARE APPROACH

The CARE approach emphasizes care for both people and the planet. Spanning generations, it underscores the **interdependencies** between realities, global challenges, and macro-micro actions, allowing us to **connect the dots of our initiatives globally**, in contrast to the extractive and often destructive logic of the market.

## The trainings

The YOU(th) CARE Project will organize online and on-site trainings exploring interdependencies, climate change, human rights and intersectionality, and strengthening our gender perspective.

Hello! I'm **Nina**, 20 years old, and a member of a group of 35 young individuals under 20 from Marseille, engaged in urban regeneration.

We've just joined the **YOU(th) CARE for Change Project**, an EU Funded initiative supporting **young people across 12 countries** in tackling global challenges and involving 300 groups from the euro mediterranean area

**YOUthCARE  
for change**

Hundreds of youth aged 14 to 25 will access the **YOU(th) CARE Campus**, facilitating the development of **YOU(th) CARE Agendas** and the implementation of **24 youth initiatives** in our territories.

## Storytelling

The stories of our actions will be spread through various channels, reaching **mainstream media and beyond**. Youth delegations will carry these narratives to forums, conventions and public events that are often challenging for us to access, such as the G8 Summit and the COPs

## Forums

The Project will culminate in a **Mediterranean Forum on Gender Rights** and a **Mediterranean Youth Forum**. Here, delegations from each country involved will share their Agendas and the actions undertaken to translate these agendas into campaigns.

## Campaigning

the YOU(th) CARE project will finance and support **12 networking projects** between YOU(th) CARE Actions and other youth initiatives inside and outside Europe

Co-funded by  
the European Union

Project "YOU(TH) CARE for CHANGE - Engaging new generations on innovative, joint and multidimensional actions addressing the Global Challenges" Ref NDICI CHALLENGE/2023/448-254
