GCOM CANADA COHORT

The GCoM Canada Implementation Cohort started in **November 2023** and is designed to bridge the gap between planning and executing climate action by offering **support activities** to municipal staff who are **implementing climate mitigation and/or adaptation** policies and projects.

The activities include **one-to-one sessions**, **group training sessions**, **peer-to-peer support workshops**, and **tailor-made solutions** addressing specific implementation challenges.

COHORT CONVENER

The GCoM in Canada is a collaboration between the **Federation of Canadian Municipalities**, **ICLEI Canada**, **C40 Cities**, **CDP**, and the **GCoM Secretariat**, besides the combination of two leading climate programs, the **Partners for Climate Protection (PCP)** program and **Building Adaptive and Resilient Communities (BARC)**.

Co-funded by
the European Union

The GCoM Canada Cohort is currently in its phase of workshops and training sessions. The conclusion of the initiative and the delivery of tailored solutions is scheduled for October 2024. The cohort is comprised of **14 cities**:

- Beaconsfield (QC)
- Durham (ON)
- Fredericton (NB)
- Guelph (ON)
- Halifax (NS)
- Hamilton (ON)
- Huron Kinloss (ON)
- Laval (QC)
- Mississauga (ON)
- Ottawa (ON)
- Saskatoon (SK)
- St. Catharines (ON)
- St. John's (NL)
- Windsor (ON)
