

The logo for DCYDE! features the letters 'DCYDE!' in a bold, white, sans-serif font. The 'Y' is stylized with a circular arrow around it, suggesting a cycle or global connection. The background of the top section of the flyer is a photograph of a diverse group of young people looking up and holding a globe together, symbolizing global unity and citizenship.

# DCYDE!

Join us! - become a DCYDE!-Teamer and change the world!

Do you want to **promote global justice** and inspire young people (aged 15–30)?

Then our **training programme** as part of the DCYDE! project is just right for you!

In just three weekends, you will learn how to

- Design **international educational programmes**
- Make **global citizenship** tangible
- **Inspire young people** to engage globally
- Use **digital tools** effectively for educational work
- Contribute to **global sustainable development**

**Imagine:** young people writing an online newspaper together with their peers from Benin. Or organising a recycling fashion show with young people from Peru. Such encounters open up horizons, create new approaches to global issues and show how international cooperation can be put into practice.

In this continuing education course, you will learn how to initiate and support hybrid projects yourself – in school lessons, in extracurricular clubs, in youth centres or in education projects. In addition to practical methods of global learning and education for sustainable development (ESD), you will learn about **Collaboratorium**, a digital platform where international groups can work together, exchange ideas and realise creative projects.
