# Rapid Response Pillar (RRP) - Resilience

## Adaptive Social Protection in Pakistan

Protecting vulnerable households and strengthening their resilience to climate-related and other shocks

## EU, UNICEF LAUNCH VT1.3 BILLION CLIMATE-RESILIENT SCHOOLS PROGRAMME

# Virunga National Park, DRC

**Green economy fostering agricultural production, sustainable industrialization & access to market...**

...through **sustainable energy** and increased **protection & security**

For every **job created**  
**11%**

have been picked up by  
young men who have **left**  
**the armed groups**

# Couloir Vert Kivu- Kinshasa

Création d'une Aire Protégée à vocation  
de Réserve Communautaire dénommée

République Démocratique du Congo  
Ministère de l'Environnement et Développement Durable

# Green Corridor

Preserving the last lungs of the earth  
through **green economic growth**

A new model of green economic  
development, **conservation &  
peacebuilding**

# Ongoing work

## Conflict Analysis with climate & environment focus

## Quick Tips on Climate, Environment, Peace & Security

### Guidance by sector

#### Quick Tips to integrate environment and climate change in specific sectors

The Quick Tips series provides practical ideas for colleagues in the European Commission headquarters, EU Delegations and partner country institutions to maximise occasions to address environmental and climate-related risks and opportunities in different sectors. They are short documents which are easy to digest. New Quick Tips documents are being produced at regular intervals. They will shortly be translated into French and Spanish.

#### Sector Notes for the Integration of Environment and Climate Change

The Sector Notes provide practical guidance on the links between environmental protection/climate change and specific sectors and the opportunities to strengthen their integration in projects and budget support. These notes provide greater details than the Quick Tips for the sectors available.
