

Organising and running digital school exchanges

Do you want to **champion global justice** and inspire young people (aged 15–30)?

Then our **training programme** as part of the DCYDE! project is just the thing for you!

Working collaboratively to understand **global challenges**, develop ideas and take action across national borders: in this **eight-part training series**, teachers, social workers and educators will learn how to support young people in **engaging actively and creatively with the topics of the SDGs and global citizenship using digital media**. Together, they get to explore and test **practical methods, digital tools and concepts** to successfully **implement international educational projects** in schools and in out-of-school education.

The training will be conducted in English.

Dates: 1, 10, 15, 22 and 29 October; 5, 12 and 21 November 2026

Time: Thursdays 6.00 pm–8.00 pm, Saturdays 9.00 am–12.00 pm

Place: Online and one face-to-face session in Jena (21 November)
