

Empowering civil society to conserve the most critical ecosystems

Olivier Langrand
Executive Director
Brussels, January 19, 2016

CRITICAL | **ECOSYSTEM**
PARTNERSHIP FUND

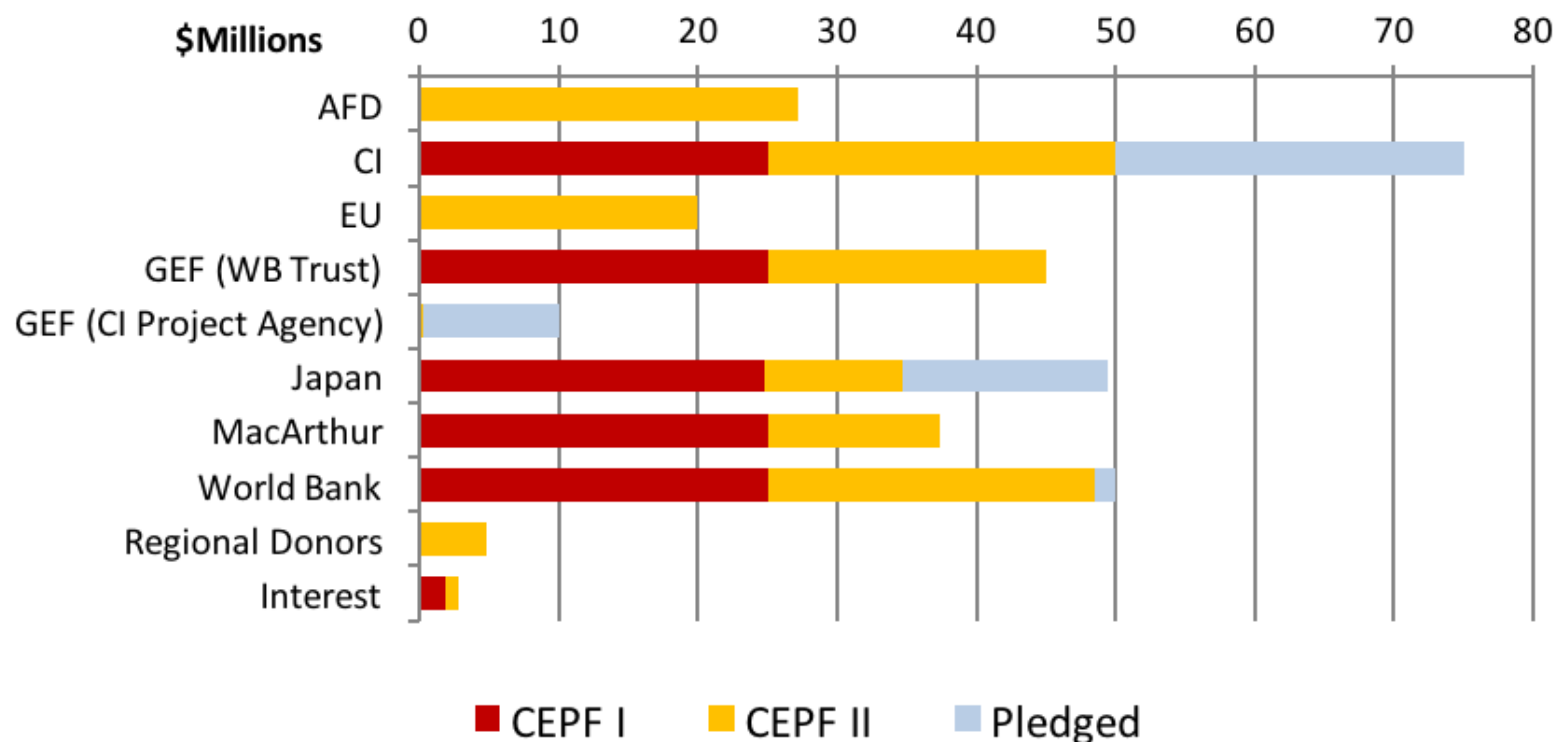

CEPF is a joint initiative of:

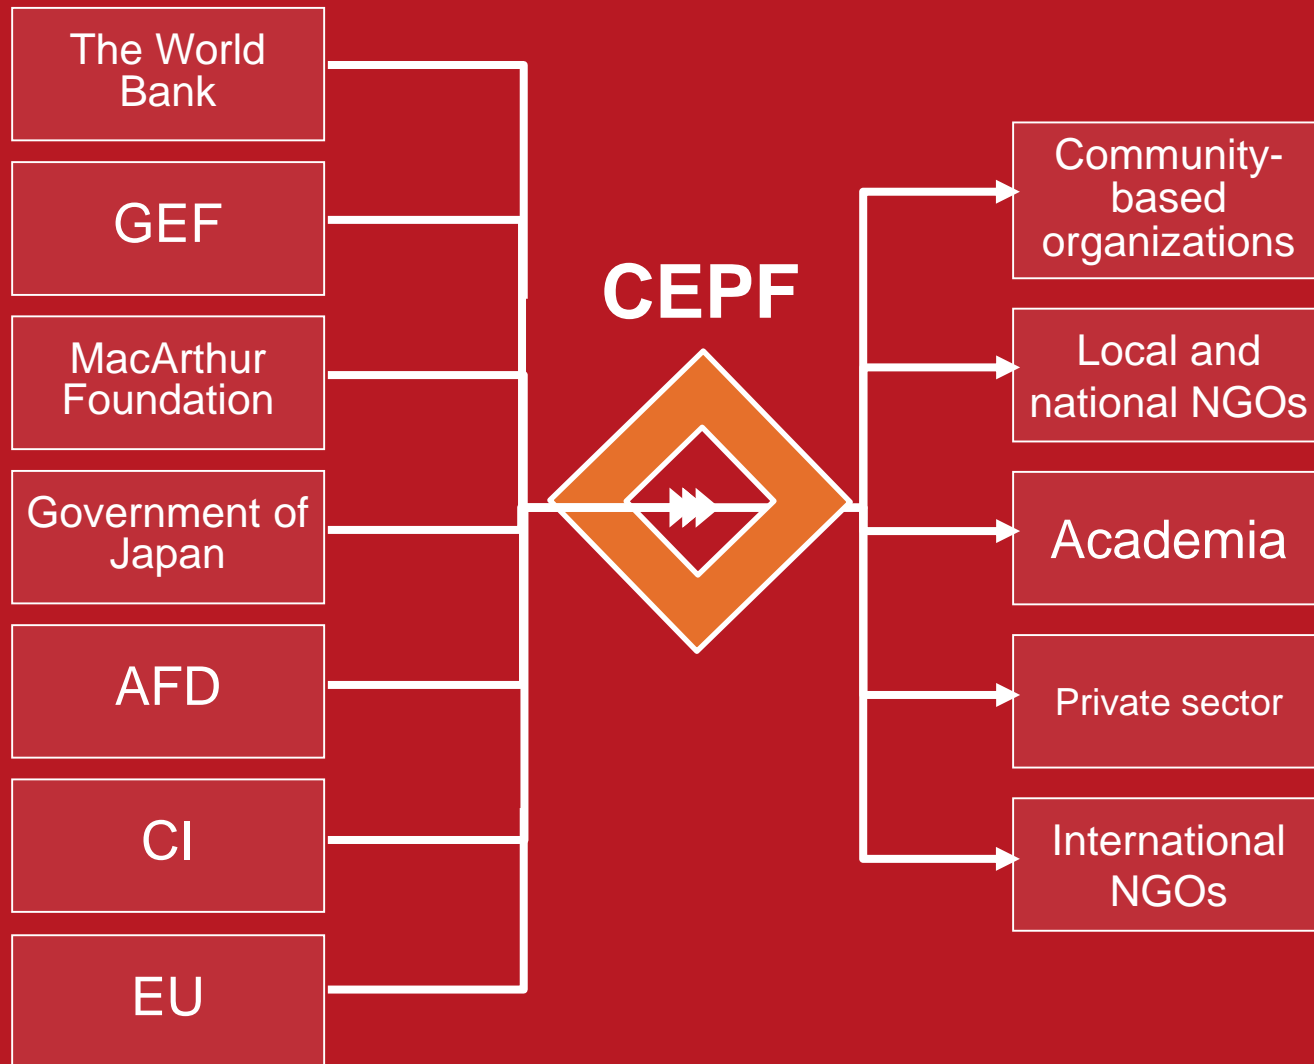

- l'Agence Française de Développement
- Conservation International
- The European Union
- The Global Environment Facility
- The Government of Japan
- The John D. and Catherine T. MacArthur Foundation
- The World Bank

15 years of partnership

CEPF Donor Contributions by Phase

A unique partnership filling a unique niche

Biodiversity

CEPF works to protect the Earth's most biologically rich yet threatened areas

Human well-being

CEPF grants improve human well-being by enabling people to sustainably benefit from the ecosystems they depend on

Civil society

CEPF enables civil society to participate in and influence the conservation of critical ecosystems

Strategy

CEPF mobilizes local, regional and global actors to create and achieve a common conservation vision for the world's biodiversity hotspots

Partnership

CEPF unites diverse donor partners to maximize the efficiency and effectiveness of their conservation investment

Results

15 years of existence

13 million hectares
of new protected areas in 23
countries (>7% of terrestrial
new PAs in 10 years)

2,000
civil society groups
supported

36 million hectares
of landscapes with improved
management (12% of AZE
sites)

1,200+ million tonnes
of carbon secured
Through forest conservation

**83 networks and
partnerships**
of civil society groups created/
strengthened

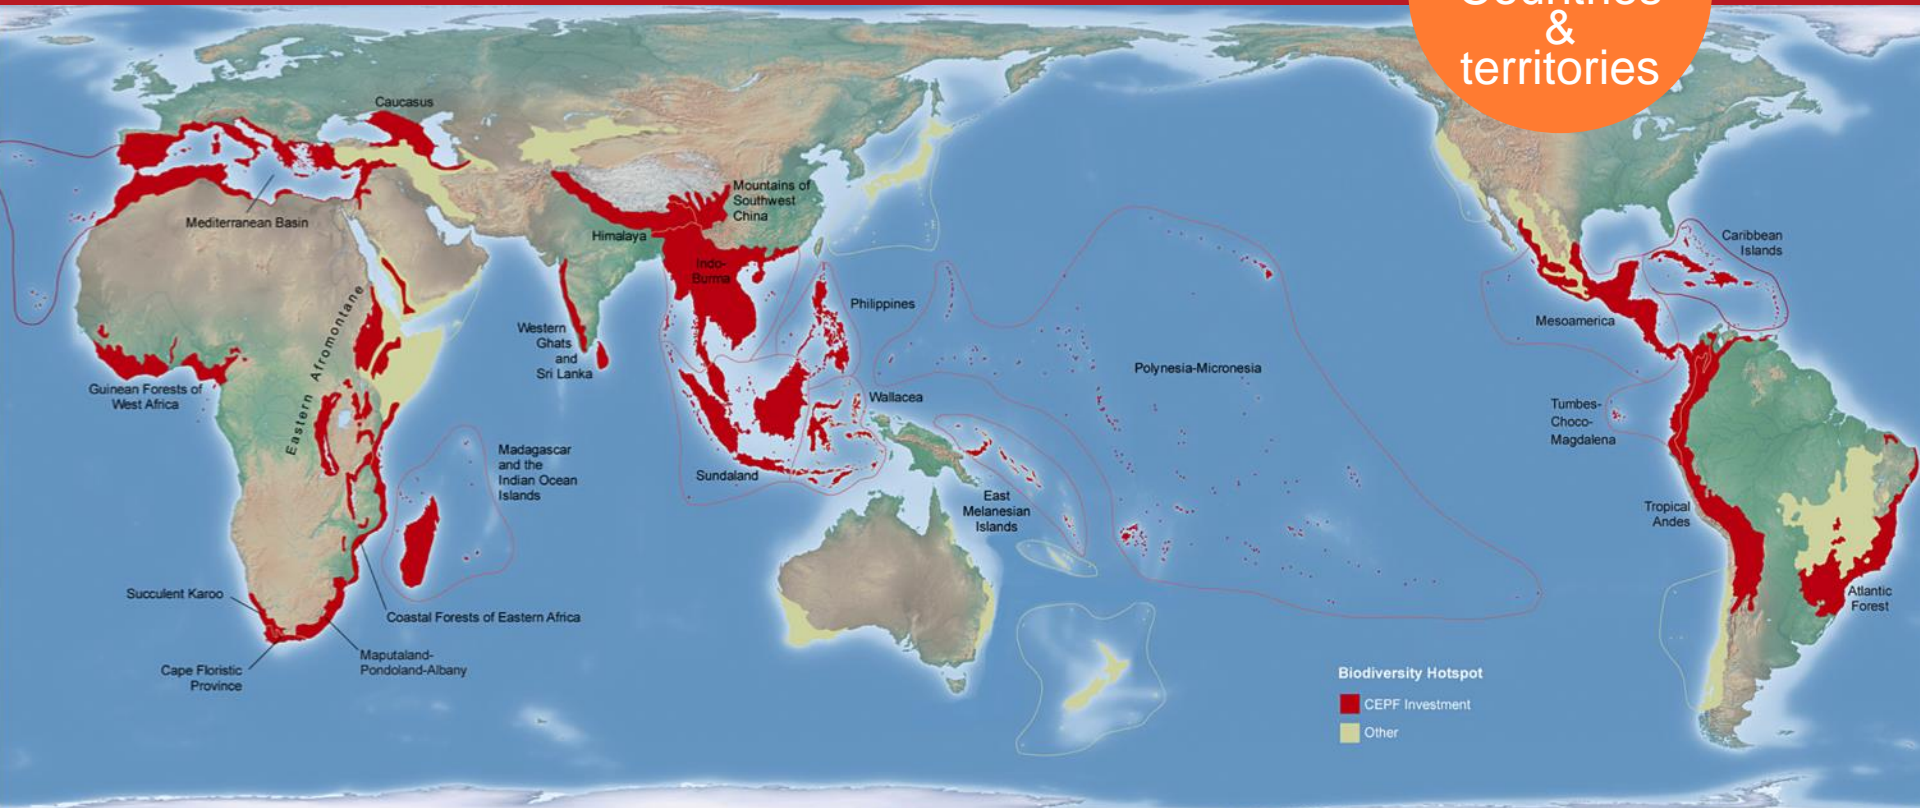

65 policies, plans, laws
mainstreaming conservation
into decision making

\$192 million
granted to civil society
groups in 92 countries in 23
biodiversity hotspots

\$347 million
Leveraged catalyzing and
building synergies with other
donors

Our geographies

92
Countries
&
territories

1. Atlantic Forest
2. Cape Floristic Region
3. Caribbean Islands
4. Caucasus
5. Coastal Forests of Eastern Africa
6. Eastern Afrotropical
7. East Melanesian Islands
8. Guinean Forests of West Africa
9. Himalaya
10. Indo-Burma
11. Madagascar and Indian Ocean Islands
12. Maputaland-Pondoland-Albany
13. Mediterranean Basin
14. Mesoamerica
15. Mountains of Southwest China
16. Philippines
17. Polynesia-Micronesia
18. Succulent Karoo
19. Sundaland
20. Tropical Andes
21. Tumbes-Chocó-Magdalena
22. Wallacea
23. Western Ghats and Sri Lanka

Contributions to the Aichi Targets

- More than 30 development and resource management policies in more than 15 countries influenced in favor of conservation.

- Engagement with at least 18 industries to halt unsustainable resource use.

- Creation of 13 million hectares of new protected areas.

Contributions to the Sustainable Development Goals

Protect, restore and promote sustainable use of terrestrial ecosystems, sustainably manage forests, combat desertification, and halt and reverse land degradation and halt biodiversity loss

CEPF also contributes to ...
