

# Water break-out session report

*The partnership remains under the framework of the AMCOW decisions and the corresponding work-programme.*

*Underlines that its plan is fully integrated in the upcoming SDGs, and is recognising that African reporting mechanism is already aligned to the expected SDGs*

*The partnership will promote multi-sector investment through to the nexus approach and hence contribute to other SDGs*

*Further capacity and skill development to address the gap in the water sector will build in existing experiences*

*Synergies will be reinforced with different activities and programmes, particularly EU supported*
