About MIAGI – Music Is A Great Investment – is a non-profit (Section 21) company established in 2001 with the support of the Department of Arts and Culture. Our purpose is twofold: to present international, intercultural music events, and to create a sustainable future for music education initiatives in South Africa.

The main objective through MIAGI's ongoing programmes is to make music education available to an increasing number of youth in South Africa especially in the rural and disadvantaged areas. Our programmes focus not only on the classical forms of instruction but also incorporate jazz and indigenous music. MIAGI has received a grant from the EU for a project entitled "MIAGI – Music Is A Great Investment, 'uniting the power of classical indigenous and jazz'".
