

Towards Marrakesh “ACTION-COP”

**Special meeting of the ACP Sub-committee on
Sustainable Development in Preparation for
COP-22**

4 October 2016

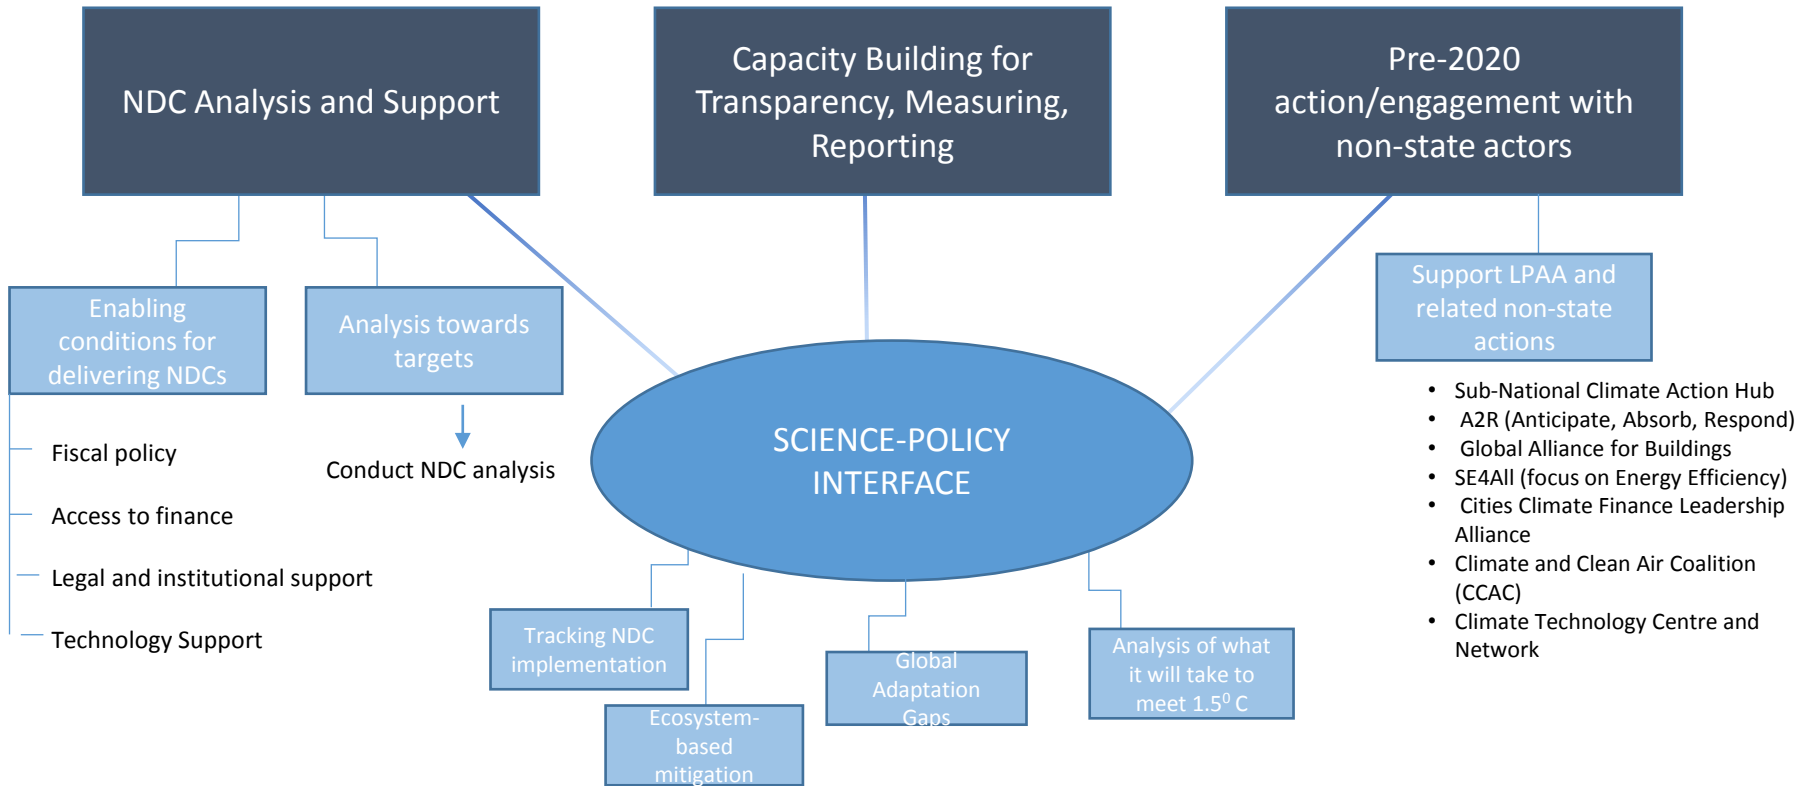

UNEP

United Nations Environment Programme

UNEP

UNEP Post-COP21

Partnering for Implementation

Adaptation

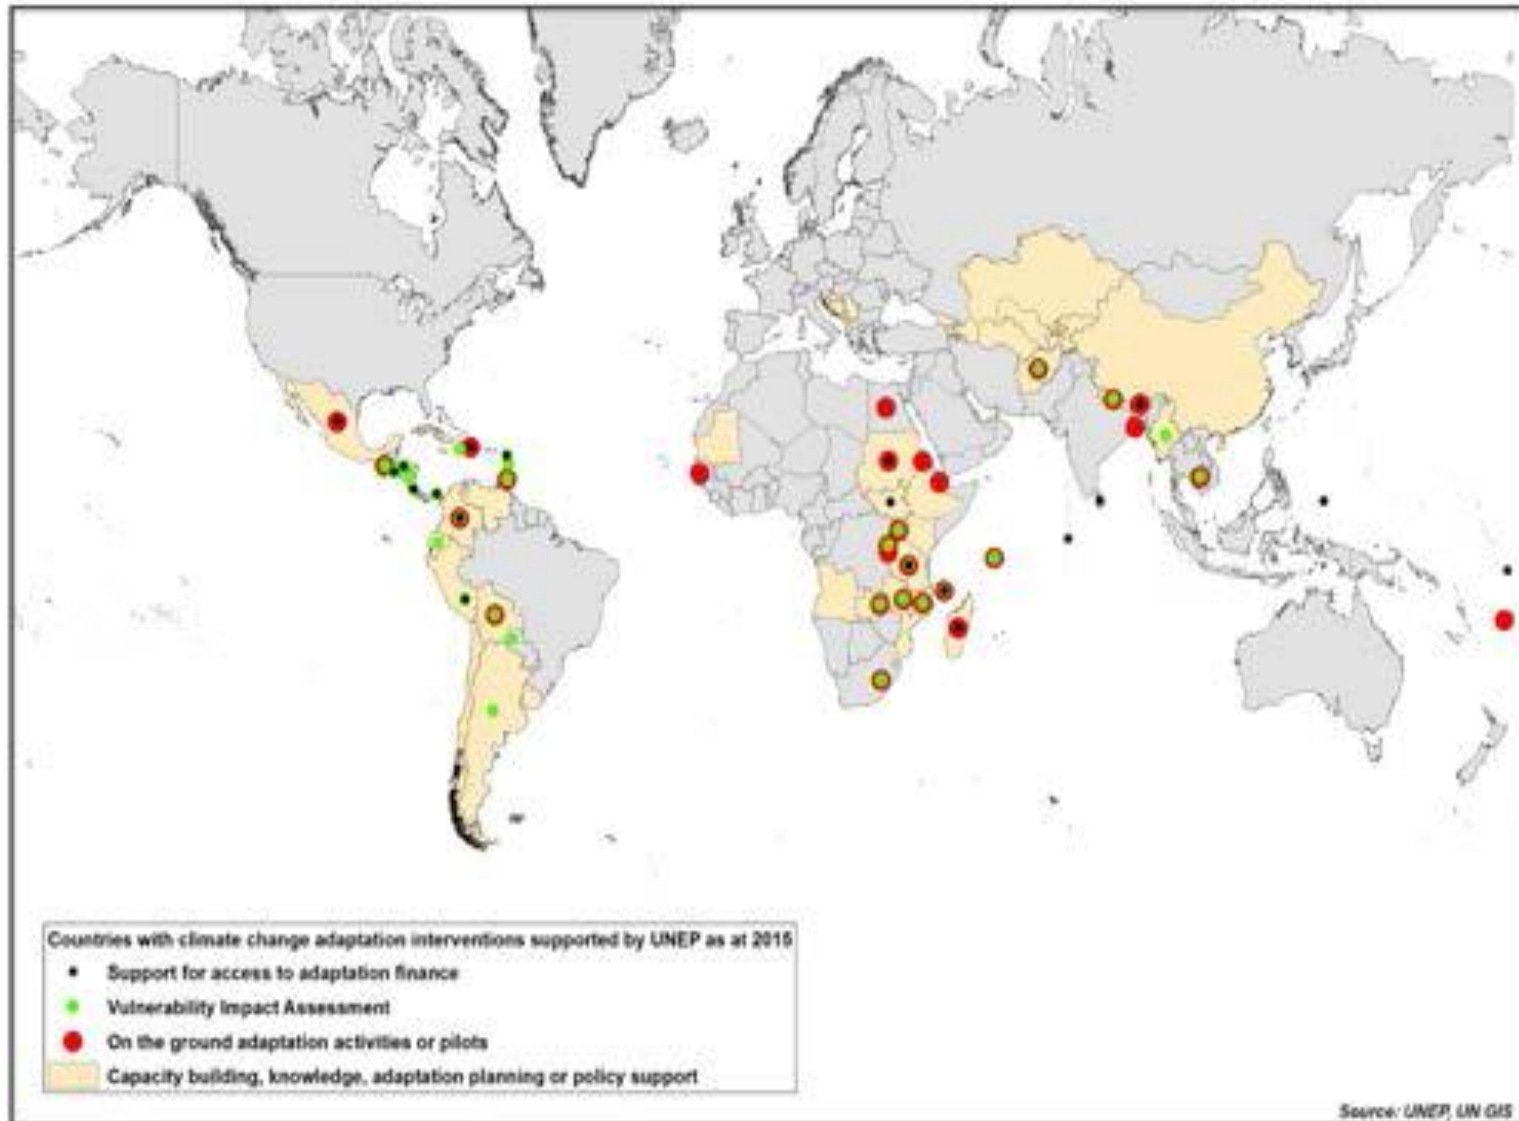

- Continuing work under the Global NAPs (National Adaptation Support) Program
- NAP support initiative under the newly established Green Climate Fund's readiness support window
- Operationalizing the SG's Adaptation initiative: A2R - "Anticipate, Absorb, Reshape"
- Assisting countries to access available funding sources under the UNFCCC
- GEF funded support for implementation of National Adaptation Plans of Action
- Supporting developing countries (Africa, LAC, Asia Pacific) to integrate and implement ecosystem based adaptation into national plans
- Promoting Ecosystem-based adaptation for food security in Africa

Partnering for Implementation

NDC Support

- *Support to LDCs*
 - Support formulation of policies, strategies, programmes and projects to implement priorities identified in NDCs
- NDC partnership (German government)
- *Guidance for implementation (UNEP, UNDP, WRI)*
- *Conduct analysis – what will it take to meet 1.5 degrees? (a focus in the upcoming 2016 UNEP Emissions Gap report)*

Supporting countries (Africa, LAC, Asia Pacific) to implement ecosystem based adaptation

Towards Marrakesh: Action and Implementation

Loss and Damage

- UNEP- Finance Initiative' work with the insurance industry
- Contribute to Warsaw loss and Damage Mechanism

Mitigation

- Support countries on mitigation readiness and NAMAs
- Energy efficiency programmes (lighting, appliances, transport)
- Sustainable Energy for All (SE4ALL)
- Regional climate knowledge networks – LAC, SEAN– to help implementation of Paris decisions and South-South collaboration.

Climate Finance

- Continue to support countries to access existing funding – GCF, GEF
- Engagement with China South-South Cooperation Fund
- Private-sector and climate finance

Towards Marrakesh: Partnering for Implementation

Technology development and transfer

- *UNEP , in partnership with UNIDO, host of the CTCN*
- *Examples: technical assistance on refrigerant technologies in Namibia and Mauritius, and efficient lighting in the Dominican Republic*
- *Request Incubator programme for LDCs and SIDS – support in analysis of NDCs to identify request for technical assistance*
- *Analysis of NDCs at sub regional level in conjunction with market demand for technologies to link government and private sector*
- *Convene regional forums - discussions on linkages between the technology and finance mechanism to meet NDC goals*

Towards Marrakesh: Partnering for Implementation

Capacity Building for Transparency, Measuring and Reporting

- *Technical Support to understand the reporting, MRV requirements based on the transparency framework established under Paris Agreement*
- *20 countries, through our UNEP collaborating centre in Copenhagen*
- *Build on existing UNEP support to countries for their Biennial Update Reports (BURs) and National Communications*

Short-Lived Climate Pollutants

- Climate and Clean Air Coalition – multistakeholder coalition hosted by UNEP
- 11 initiatives are being implemented to reduce black carbon, methane and avoid hydrofluorocarbon in agriculture, brick production, cooking, heating, diesel vehicles, oil and gas production, and municipal solid waste
- Currently supporting 14 countries to complete their national action plans for short-lived climate pollutants
- Morocco example: reduce methane and HFCs
