## PUBLIC GROUP: Environment, Climate Change and Green Economy

Group created on October 12 2010

[Show more details](#)

Welcome to the Environment, Climate Change and Green Economy group!

This group promotes the exchange of experiences, good practices and information on environment, climate change, green economy and related subjects such as biodiversity, forestry, desertification, and disaster risk management.

Useful [guidelines](#) and [tools](#) are available to orientate the process of mainstreaming environment and climate change into international cooperation and development.

We encourage you to contribute to this group by posting articles, videos, documents, events, and initiating forum discussions!

57 pages, 199 blog posts, 527 documents, 79 events, 1 survey, 419 members, 89 recommendations, 24 comments
