INTERNATIONAL CONFERENCE ON GEOLOGY, MINING, MINERAL AND
GROUNDWATER RESOURCES OF THE SUB-SAHARAN AFRICA: OPPORTUNITIES AND
CHALLENGES AHEAD

Chrismar Hotel, Livingstone (Zambia), 11-13 July, 2017

RETURN TO WORK PLANS (RWP)

An initiative of the African, Caribbean and Pacific Group of States, financed by the European Union and United Nations Development Programme, and implemented by UNDP.

I. RETURN-TO-WORK PLANS

Return to Work projects are a valuable mechanism for workshop participants' personal and professional development. As part of your sponsorship, you are required to develop a return-to-work plan on a project you will undertake on your return, applying the knowledge and skills gained from workshop to influence change.

Periodic follow-up on the progress of implementation of the plan will be undertaken by UNDP.

II. REPORTING STRUCTURE FOR RETURN-TO-WORK PLANS

To facilitate ease of reporting and follow-up on your return to work project, the structure below outlines the key project elements that need to be covered in the reporting. **Please submit a Return to Work Project (RWP)** using the structure provided below.

GENERAL INFORMATION
Name(s): WINIFRIDA KEVIN MTEGA
Position: POSTGRADUATE university of DAR ES SALAAM
Email: wnniekevin3@gmail.com
Phone no (office + mob):+255678434621
Brief Description of the project: Across Tanzania many of women engaged in artisanal small scale mining particularly in low value minerals and material. Women contribution range from 30-40% of all mineral and material in construction and building industries, through these women are able to take care of their family. However little is known about impacts intern of socioeconomic activities, health safety and environmental impacts. These projects aim to address some of the challenge such as; 1.Geological related issues 2.Technological issues 3.Labour issues
Expected Outcomes: 1. Mining outcomes and problem facing women in small scale mining. 2. General new knowledge on women experiences in informal mining sector through Swahili language 3. To determine if these activities can support economic progress of women and the effect of new government regulation on these potential gains.
Expected output: 1. To develop Swahili manual which can be used in Training 2. To produce Geological map for Resource tonnage and grade of Geological resources assessment

Please describe how you plan to implement the return to work project: (outline key partnerships and collaborations across sectors in your country as well as any joint collaboration with other countries)

- 1.State Mining Corporation (STAMICO).Collaboration with geologists as the last one together with Mr.Daniel Frank at kunduchi hotel DSM on March 2016
2. African Mineral and Geoscience Centre (AMGC).Establish collaboration on kiln construction and temperature for burning limestone to lime.
3. The ministry of Energy and Mineral (MEM) includes Zonal mines offices in DSM and Eastern Zonal mines offices.

What indicators of success will you employ? (Include indicators of success that go beyond activity-level implementation).

Interview with women miners.

What other strategic opportunities have you identified that will contribute to the success and sustainability of your project? (include linkages to sub-regional and regional agenda)

1. Women could realize the losses they are making but they lack skills and working tools.
2. Geology department at university of Dar es salaam intends to support women who need assistance through various research.

What aspects of the training will be most useful in implementing your project? Explain

Through sharing skills and knowledge with other participants and department of geology university of DSM .This will enable me to conduct training for women small scale miners. Swahili language manual will mostly be used to training women small scale the better understanding.

What are your future plans? (Include any additional capacity building needs for your professional development that you have identified during the course of the workshop).

ACTION PLAN

Period	Month 1	Month 2	Month 3	Month 4	Month 5	Month 6	Month 7
Activities							

Activity 1:	Gather data from field	Gather data from field	Gather data from field				
Activity 2:				Produced geological map	Develop Swahili training manual		
Activity 3:						Test for Swahili training manual	Test for Swahili training manual
Activity 4:							
Activity 5:							
Etc.							

III. SUBMISSION DATE OF THE DRAFT RETURN-TO-WORK PLAN

The draft Return to Work plan should be sent to lyapa.manza@undp.org; taonga.mshanga@undp.org
