## RETURN TO WORK PLANS (RWP)

*An initiative of the African, Caribbean and Pacific Group of States, financed by the European Union and United Nations Development Programme, and implemented by UNDP.*

## I. RETURN-TO-WORK PLANS

Return to Work projects are a valuable mechanism for workshop participants' personal and professional development. As part of your sponsorship, you are required to develop a return-to-work plan on a project you will undertake on your return, applying the knowledge and skills gained from workshop to influence change.

Periodic follow-up on the progress of implementation of the plan will be undertaken by UNDP.

## II. REPORTING STRUCTURE FOR RETURN-TO-WORK PLANS

To facilitate ease of reporting and follow-up on your return to work project, the structure below outlines the key project elements that need to be covered in the reporting. **Please submit a Return to Work Project (RWP)** using the structure provided below.

<b>Brief Description of the project:</b> Research on the impact of development minerals exploitation on watersheds. The rapid study will focus on Karamoja subregion extractives industry.
<b>Expected Outcomes:</b> Research Paper
<b>Expected Outputs:</b> Conference paper or power point presentation and discussion
<b>Please describe how you plan to implement the return to work project:</b> (outline key partnerships and collaborations across sectors in your country as well as any joint collaboration with other countries)  <b>I intend to carry out a survey for primary data collection using the most cost effective but efficient methodology. Will particularly focus on watersheds that the Ministry of water and environment has characterised as priority but with particular focus on those hosting mining activities. Desktop reviews will greatly substantiate the paper writing process. The study will mostly rely on project facilitation from ECO. Work will proceed the conference in Lusaka.</b>
<b>What indicators of success will you employ?</b> (include indicators of success that go beyond activity-level implementation) <b>Key include:</b> Paper written or developed and published
