

Objectives of the workshop

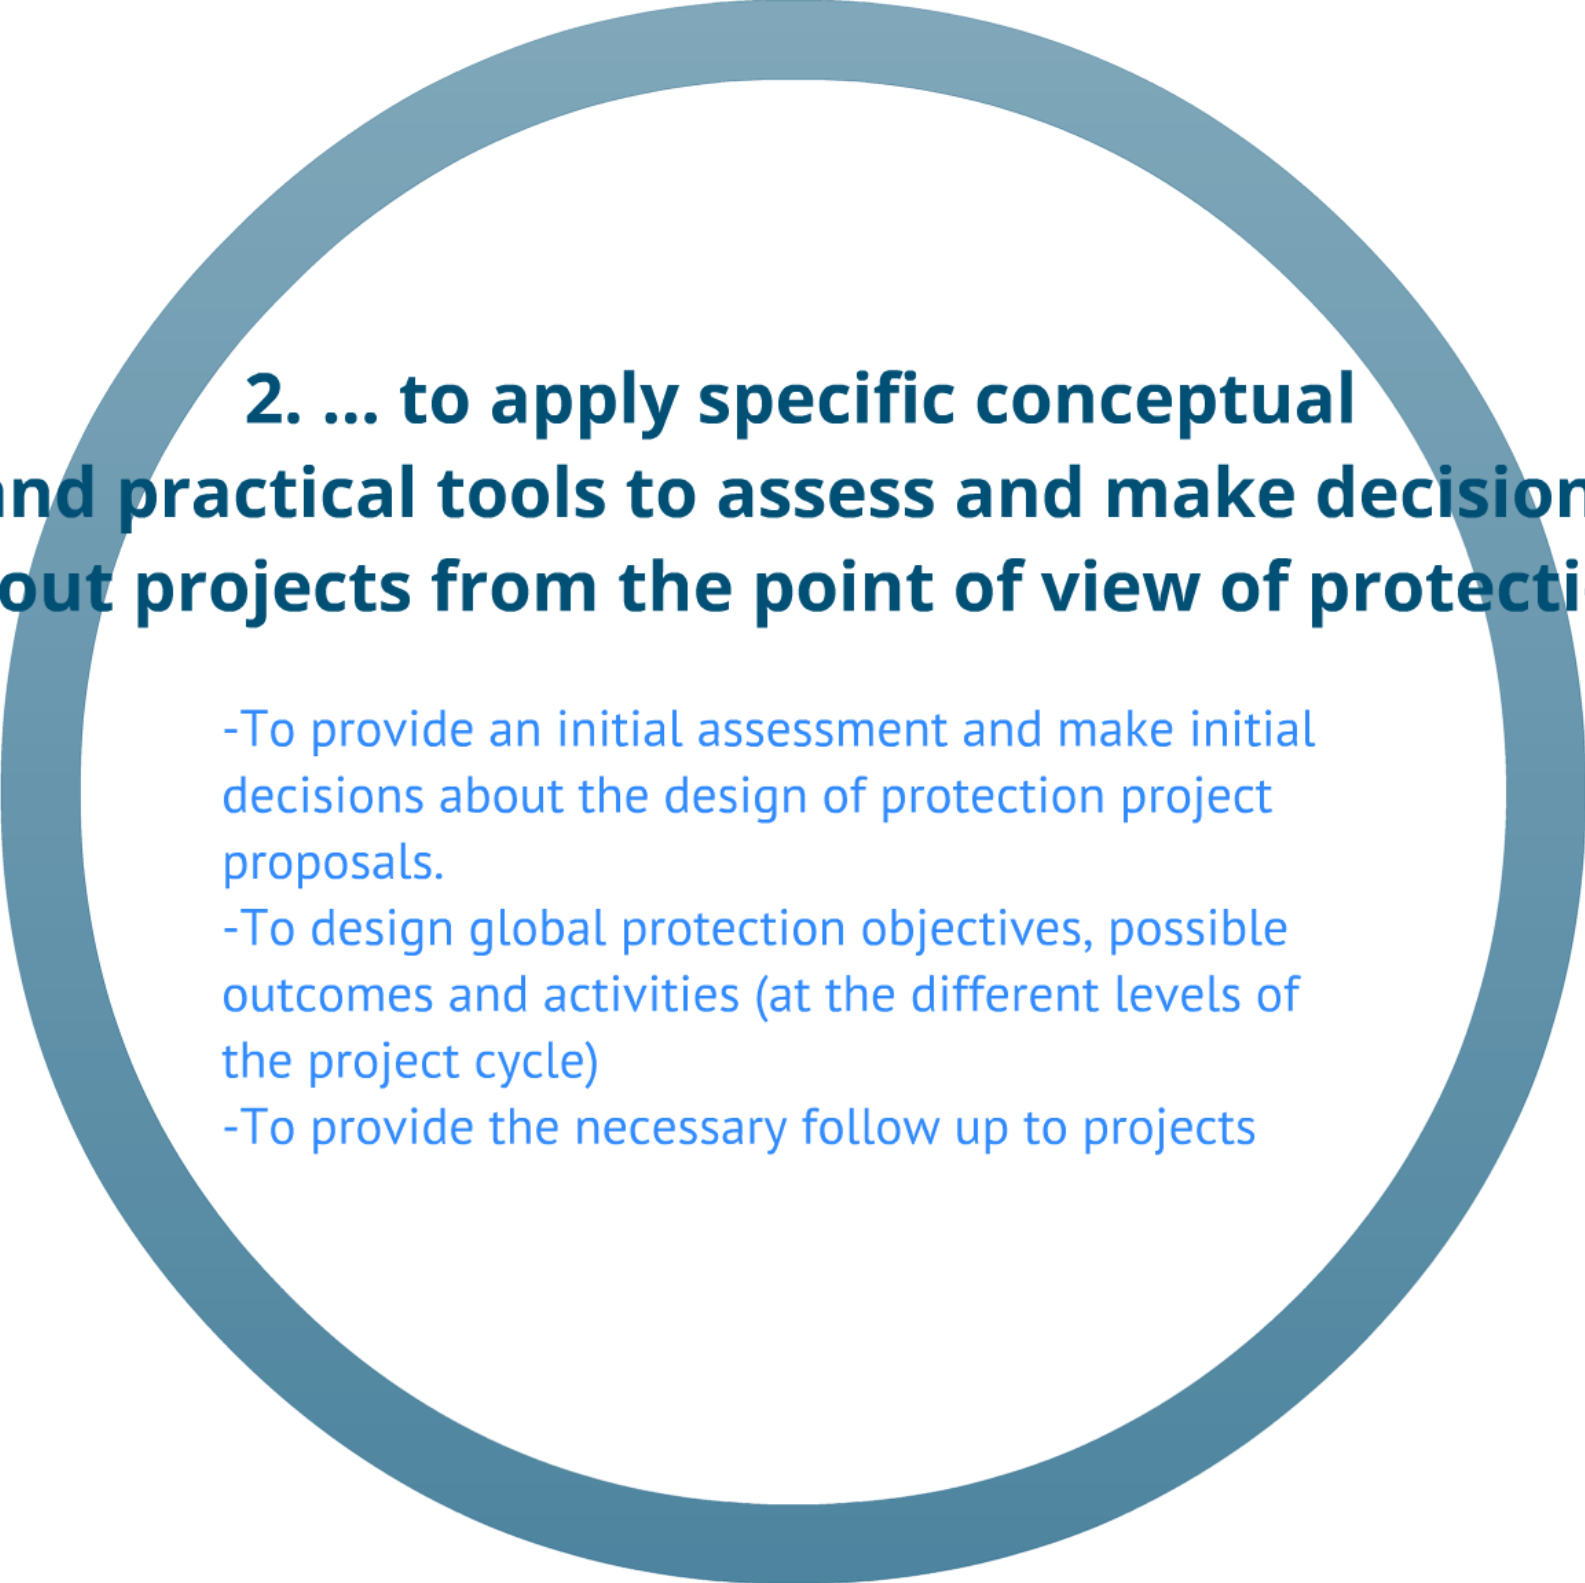

Objectives of the workshop

1. Participants are able to apply a global/strategic approach to protection

- Context analysis and protection needs in a given scenario.
- Protection stakeholders mapping
- Possible strategic approaches to the protection needs.

2. ... to apply specific conceptual and practical tools to assess and make decisions about projects from the point of view of protection:

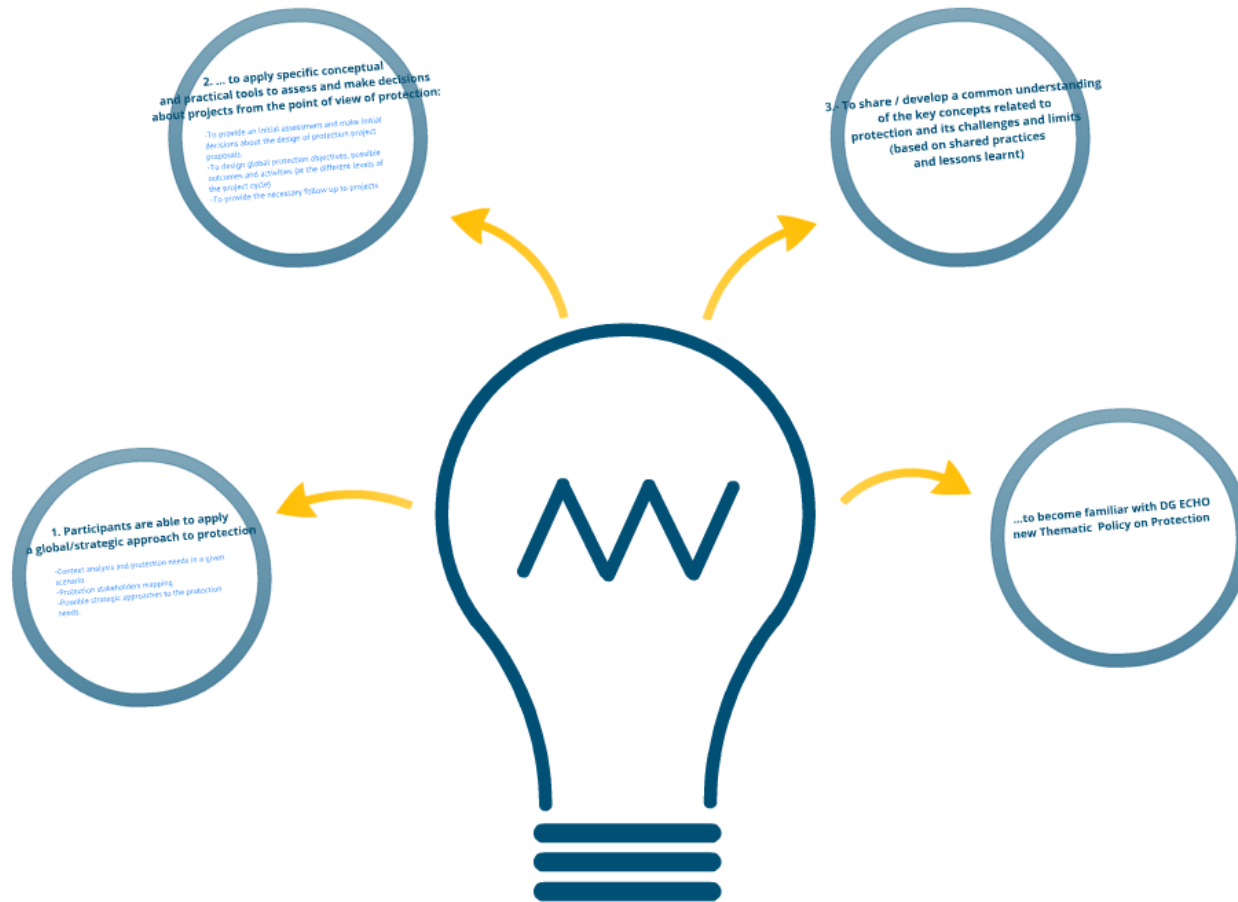

- To provide an initial assessment and make initial decisions about the design of protection project proposals.
- To design global protection objectives, possible outcomes and activities (at the different levels of the project cycle)
- To provide the necessary follow up to projects

**3.- To share / develop a common understanding
of the key concepts related to
protection and its challenges and limits
(based on shared practices
and lessons learnt)**

**...to become familiar with DG ECHO
new Thematic Policy on Protection**

Objectives of the workshop
