

Sustainable Energy Handbook

Table of Contents

Part 1 Introduction

1 What is energy?

Part 2 Energy policy support

1 Institutional framework in the energy sector

2 Regulation of the energy sector

3 Electricity tariff structure

4 Nexus water-agriculture and energy

Part 3 Role of the private sector in the development of energy

1 Public Private Partnership

Part 4 Power generation by renewable technology

1 Hydroelectricity

2 Solar photovoltaic

3 Introduction to bioenergy

4 Clean cooking systems and biogas

5 Industrial Heat and Electricity produced by biomass

6 Biofuel Production

7 Geothermal energy

Part 5 Electricity access transmission, distribution and supply

1 Rural electrification

2 Rural electrification on grid

3 Rural electrification off grid mini grid

4 Rural electrification off grid stand alone

5 Grid loss

Part 6 Energy project financing

1 Simplified financial models
